Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent ☑

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐ *means the Part, Division, particulars or item may not be applicable.*

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* *means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).
If there is insufficient space to provide any information required, continue on attachments.

Part B—Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off

(section 5)

1. Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS:

(a) you purchased by auction; or

(b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or

(c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or

(d) you are a body corporate and the land is not residential land; or

(e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or

(f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or

(g) the contract also provides for the sale of a business that is not a small business.

2. Time for service

The cooling-off notice must be served:

(a) if this form is served on you before the making of the contract—before the end of the second clear business day after the day on which the contract was made; or

(b) if this form is served on you after the making of the contract—before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3. Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4. Methods of service

The cooling-off notice must be:

(a) given to the vendor personally; or

(b) posted by registered post to the vendor at the following address:

8 ASHBROOK AVENUE, PAYNEHAM, SA 5070

(being the vendor's last known address); or

(c) transmitted by fax or email to the following fax number or email address:

georgie@klemich.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

(d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

Suite 1, 245 Fullarton Road Eastwood SA 5063

(being *****the agent's address for service under the *Land Agents Act 1994* /~~an address nominated by the agent to you for the purpose of service of the notice~~).

Note:

Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that:

(a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;

(b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5. Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than:

(a) the amount of any deposit paid if the deposit did not exceed $100; or

(b) an amount paid for an option to purchase the land.

Docusign Envelope ID: D0FE847C-4D55-4C68-9F1D-1670A86034E4

Proceeding with the purchase

If you wish to proceed with the purchase:

(a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and

(b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and

(c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Schedule—Division 1—Particulars of mortgages, charges and prescribed encumbrances affecting the land (section 7(1)(b))

Note:

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

(a) there is an attachment to this statement and:
- (i) all the required particulars are contained in that attachment; and
- (ii) the attachment is identified in column 2; and
- (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or

(b) the mortgage, charge or prescribed encumbrance:
- (i) is 1 of the following items in the table:
  - (A) under the heading 1. General:
    - 1.1 Mortgage of land
    - 1.4 Lease, agreement for lease, tenancy agreement or licence
    - 1.5 Caveat
    - 1.6 Lien or notice of a lien
  - (B) under the heading 36. Other charges:
    - 36.1 Charge of any kind affecting the land (not included in another item); and
- (ii) is registered on the certificate of title to the land; and
- (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au.

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety, Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?
- Does the property have any significant **defects** e.g. **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:
a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (https://1100.com.au) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

***Land Tax Act 1936* and *Regulations* thereunder**

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986* and *Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

Further information held by councils

Does the council hold details of any development approvals relating to—

(a) commercial or industrial activity at the land; or

(b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

NO

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a ***potentially contaminating activity*** has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

(a) the approval of development by a council does not necessarily mean that the development has taken place;

(b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

DEVELOPMENT APPLICATION NUMBER:	**155/120/2016**
APPLICANT:	**Mr F Grida C/- PD1 Pty Ltd**
LOCATION:	**8 Ashbrook Avenue PAYNEHAM 5070**
PROPOSED DEVELOPMENT:	**Construction of six (6) two storey row dwellings**
DECISION	**Development Approved**
DATE OF DECISION:	**18/07/2018**

REASONS FOR DECISION

Consent is granted, as the proposed development is considered to accord sufficiently with the provisions of the Development Plan.

The following conditions have been imposed to reasonably ensure that the development will not impair the orderly and proper planning of the locality or detrimentally affect the amenity of the locality, having particular regard to the Principles of Development Control applicable to such a use in the locality.

DEVELOPMENT PLAN CONSENT

Relevant Plans

Pursuant to Section 44 (2) and (3) of the *Development Act 1993* and except where varied by a Condition specified hereunder, it is required that the development be undertaken, used maintained and operated in accordance with the following relevant plans, drawings, specifications and other documents:

- Plans prepared by Dimension Design Studio marked Project Number 504.15 Sheets 1 to 10 of 10 Revision B received by Council on 29 May 2017.

Conditions of Consent

(1) A mature evergreen tree with a planting height of at least 3.0m shall be planted, maintained and replaced as necessary shall be planted in the front yards of dwellings 2, 3, 4, 5 and 6 prior to the occupation of the dwellings herein approved.

(2) All areas nominated as landscaping or garden areas on the approved plans shall be planted with a suitable mix and density of trees, shrubs and groundcovers within the following planting season after the occupation of the premises to the reasonable satisfaction of Council or its delegate.

(3) All plants existing and/or within the proposed landscaped areas shall be nurtured and maintained in good health and condition at all times with any diseased or dying plants being replaced, to the reasonable satisfaction of the Council or its delegate.

(4) All stormwater from buildings and paved areas shall be disposed of in accordance with recognised engineering practices in a manner and with materials that does not result in the entry of water onto any adjoining property or any building, and does not affect the stability of any building and in all instances the stormwater drainage system shall be directly connected into either the adjacent street kerb & water table or a Council underground pipe drainage system

(5) Each dwelling shall have a rainwater tank with a storage capacity not less than 2 kilolitres (2000 litres) which shall be installed and plumbed into a toilet, water heater and/or laundry cold water outlet by a licensed plumber in accordance with AS/NZS 3500 and the SA Variations published by SA Water. Details of the installation shall be provided with application for Building Rules Consent.

(6) The portion of all upper floor windows, with the exception of those facing Ashbrook Avenue for Dwelling 1 and those facing Lewis Road for Dwellings 2-6 which are less than 1.7 m above the internal floor level shall be treated prior to occupation of the building in a manner that permanently restricts views being obtained by a person within the room to the reasonable satisfaction of the Council or its delegate. (Suggested treatments include, but are not restricted to, permanently fixed translucent glazing in any part of the window below 1.7 m above the internal floor level or a window sill height of 1.7 above the internal floor level.)

BUILDING RULES CONSENT
Conditions of Consent

See attached conditions and notes per the Certifiers Building Rules Consent dated 13/07/2018.

ADVISORY NOTE(S)

(1) The Applicant is reminded of its responsibilities under the Environment Protection Act 1993 to not harm the environment. Specifically, paint, plaster, concrete, brick wastes and wash waters should not be discharged into the stormwater system, litter should be appropriately stored on site pending removal, excavation and site disturbance should be limited, entry/exist points to the site should be managed to prevent soil being carried off site by vehicles, sediment barriers should be used (particularly on sloping sites), and material stockpiles should all be placed on site and not on the footpath or public roads or reserves.

(2) The granting of this consent does not remove the need for the Applicant to obtain all other consents which may be required by any other legislation or regulation.

The Applicant's attention is particularly drawn to the requirements of the Fences Act 1975 regarding notification of any neighbours affected by new boundary development or boundary fencing. Further information is available in the 'Fences and the Law' booklet available through the Legal Services Commission available at www.lsc.sa.gov.au. Alternatively a hard copy can be mailed to you on request by contact the Planning Department on 8366 4530 or 8366 4508.

The Applicant's attention is also drawn to the need to consult all relevant electricity suppliers with respect to high voltage power lines.

(3) The Applicant is advised that any works undertaken on Council owned land (including but not limited to works relating to crossovers, driveways, footpaths, street trees and stormwater connections) will require the approval of the Council's Urban Services Department, prior to any works being undertaken. Further information may be obtained by contacting the Council's Urban Services Department on 8366 4513.

All works on Council owned land required as part of this development are likely to be at the Applicant's cost.

(4) This Development Plan Consent will lapse within 12 months of the date of this notice unless full Development Approval has been obtained.

IMPORTANT NOTICE

- The developer or building owner shall provide 20mm rubble on the site prior to work commencing, in areas of vehicular traffic to ensure compliance with the requirements of the **Environmental Protection Agency**. It is to be placed in such a way to minimise the amount of soil (mud and dust) transferred over public areas and into the street.

- **Boundary survey prior to commencing construction**
  The person proposing to undertake the work shall ensure that no part of the proposed building work is to overhand the boundary of the site. It is strongly recommended that a Licensed Surveyor be engaged to undertake a survey before work commences to establish the location of the boundary.

- The owner of any building to be erected or altered which is used for food preparation, is obliged to obtain consent from the **Eastern Health Authority**. (phone 8132 3600)

- Important: This approval does not imply compliance with the Electricity Act, 1996 (in relation to minimum clearance distances of power lines adjacent to buildings), the (State) Equal Opportunity Act, 1995, the Occupational Health, Safety and Welfare Act 1991, or with Commonwealth Disability Discrimination Act, 1993 or with any regulations under those Acts. It is the responsibility of the owner and the person erecting the building to ensure compliance with same.

- Building work adjacent to street boundaries is required to be provided with a **hoarding** and a license for the hoarding shall be obtained from the Council. Contact 8366 4525.

Your attention is drawn to the provisions of Section 60 of the Development Act 1993 which provide that:

Pursuant to Section 60 of the Development Act 1993, work that affects stability:

1. Where a building owner proposes to carry out building work of a prescribed nature that is, in accordance with the regulations to be treated for the purposed of this section as building work that affects the stability of other land or premises ("the affected land or premises") the following provisions apply:

   (a) The building owner must, at least 28 days before the building work is commenced, cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of the work; and
   (b) The building owner must (in addition to complying with any condition imposed by a relevant authority at the time of approval) take such precautions as may be prescribed to protect the affected land or premises, carry out such other building work in relation to that land or premises as that adjoining owner is authorised by the regulations to require; and
   (c) Nothing in this section relieves the building owner from liability for injury resulting from the performance of any building work.

2. A building owner who fails to comply with a provision under subsection (1) IS GUILTY OF AN OFFENCE.

Penalty: **$4,000 (maximum penalty)**

A building owner may apply to the Court for a determination of what proportion (if any) of the expense incurred by the building owner in the performance of the building work requested by the owner of affected land or premises under subsection (1) should be borne by the owner of that and or premises, and the building owner may recover an amount determined by the Court from the owner of the affect land or premises as a debt.

Your attention is drawn to the provisions of Regulation 75 of the Development Regulations 1993 which provides that in respect of building work affecting other land

> It must be assumed in designing, and assessing the design of a building that it is possible that an excavation which intersects (but does not extend beyond) a notional plane extending downwards from the boundary at the site at a slope of 1 vertical to 2 horizontal from a point 600 millimetres below natural ground level at the boundary could be undertaken on an adjoining site.

Regulation 75(2) provides that, work of the following nature is prescribed as building work which is to be treated for the purposes of that section as building work that affects the stability of other land or premises, namely:

- an excavation which intersects a notional plane extending downwards at a slope of 1 vertical to 2 horizontal from a point 600 millimetres below natural ground level at a boundary with an adjoining site (as depicted by the example shown as figure 1 in schedule 15); or
- an excavation which intersects any notional plane extending downwards at a slope of 1 vertical to 2 horizontal from a point 600 millimetres below natural ground level at a boundary with an adjoining site (as depicted by the example shown as figure 2 in schedule 15); or
- any fill which is within 600 millimetres of an adjoining site, other than where the fill is not greater than 200 millimetres in depth (or height) and is for landscaping, gardening or other similar purposes.

For the purposes of section 60 (1) (b) of the Act, the owner of the affected land or premises may require the building owner to shore up any excavation or to underpin, stabilise or otherwise strengthen the foundations of any building to the extent specified by a professional engineer engaged by the owner of the affected land or premises.

City of
Norwood
Payneham
& St Peters

The building owner must pay the reasonable costs of obtaining a report and plans and specifications from a professional engineer for the purposes of sub-regulation (3).

In sub regulations (3) and (4):
'professional engineer' means a person who is:

(a) a corporate member of the Institution of Engineers, Australia who has appropriate experience and competence in the field of civil and geotechnical engineering; or a person who is registered on the National Professional Engineers Register administered by the institution of Engineers, Australia and who has appropriate experience and competence in the field of civil and geotechnical engineering.

- **Section 223 of the Local Government Act 1999** provides that, where damage to Council roads, footpaths or kerbing occurs as a result of the development, the owner / applicant shall be responsible for the cost of repairs to the damage.
- A separate application to the Council **Works and Technical Services Department** is required for any installation of or modification to stormwater drains, underground electrical services or crossovers etc beyond the property alignment. Contact 8360 9000.
- The applicant shall at his/her own expense in all things carry out all alterations to existing inverts, watertables, footpaths pavements or other works in the public roads adjacent to the subject land necessary to give effect to the demolition of buildings or structures, siteworks and the construction of the buildings or structures and other works forming part of the development approval to the reasonable satisfaction of the Council and shall at his /her own expense in all things repair and make good any damage to any such inverts, kerbs, watertables, footpaths, pavements, or other such works to the reasonable satisfaction of the Council.
- An **approved toilet** privy is to be sensitively located on the site prior to any building work commencing. The privy should be suitably braced against overturning. No long drop toilets shall be used on site, only chemical toilets or toilets connected to the sewer shall be used.
- A minimum standard for **refuse containers** on a building site to restrain 'blowable' materials is to be either;
  (a) a commercial type removable 'SKIP' type container (provided by a waste removal company) of adequate size for the building project (min 1.5m) with a top closable lid, or
  (b) a suitable prefabricated rectangular (or square) enclosure of robust construction (ie steel sheeting material or steel mesh F72 or better - not chicken or bird wire) and located so as not to be demolished by vehicles off loading.
- The applicant is encouraged to install and maintain a rainwater tank to the dwelling(s) hereby granted authorisation.

Building Notifications – Important New Requirements from July 2012

As from July 2012, the State Government has introduced fines of $500 for failure to notify the Council at certain stages of construction. Please read the following important information to ensure that you and those acting on your behalf are fulfilling your/their obligations.

At What Stages of Construction is Notification to the Council Required?
In accordance with Regulation 74(1) of the *Development Regulations 2008*, notifications to the Council are required at the following stages of construction, insofar as they are applicable to the building work being undertaken:

(a) 1 business day's notice of the intended commencement of building work on the site; and
(b) 1 business day's notice of completion of structural steel reinforcement for concrete footings or other floors; and
(c) 1 business day's notice of the completion of all roof framing forming part of the building work (including top and bottom chord restraints, bracing and tie-downs)*; and
(d) 1 business day's notice of the completion of all masonry walls; and
(e) 1 business day's notice of completion of the building work.

* Where notice is given in relation to the completion of roof framing, the person who gives the notice must, within 1 business day after the notice is given, provide to the council a duly completed **supervisor's checklist** relating to the roof framing, signed by a registered building work supervisor, being a registered building work supervisor who has undertaken any training required and recognised under a scheme (if any) approved by the Minister.

A person **must not conceal** any completed roof framing until after the expiration of 2 clear business days after the notice of completion of roof framing has been received by the council.

Who is Required to Give the Notification?
The licensed building work contractor who is carrying out the work or who is in charge of carrying out the work, or if there is no such licensed building work contractor, the building owner is required to give notice to the Council.

What Structures are Exempt from the Notification Requirements?
Class 10 buildings under the Building Code are exempt from the notification requirements, other than where the Class 10 building is attached to any part of the roof framing of a building of another class. Transportable buildings are also exempt.

How Can Notification be Given to the Council?
The required notices may be given—
(a) by email transmission to buildingnotice@npsp.sa.gov.au; or
(b) by telephoning the Council's Development Assessment team on 08 8366 4530; or
(c) by faxing it to the council on 08 8332 6338; or
(d) by posting it to the council at 175 The Parade, Norwood SA 5067, ensuring that the date received by the Council accords with the notice requirements; or
(e) by hand delivering a written notice with a duly authorised officer of the council.

In either case, the notices must include the name, address and telephone number of the persons who are proposed to sign Parts A and B of the Statement of Compliance under Schedule 19A (if relevant).

What Penalties Apply for Failure to Notify?
A person who breaches any of the requirements outlined in this information sheet is guilty of an offence with an expiation fee of $500 or a maximum penalty of $10 000.

notes
The certified drawings/ documents will be issued by the Council with the notification of development approval.

The person proposing to undertake building work (or who is in charge of such work) is warned of their obligation to give the Council notice at stages prescribed in Regulation 74. These include 1 business days notice of -:

- intended commencement of building work. Notice must include information on the persons who are proposed to sign the Regulation 83AB Statement of Compliance (where applicable),
- completion of all roof framing, Notice must be accompanied within 1 business day by a completed registered building work supervisors checklist relating to the roof framing and the subject roof framing must not be concealed for 2 business days,
- completion of building work, and
- other stages specified by Council

Regulation 83AB requires a Statement of Compliance for Class 1a buildings to be provided upon completion to the relevant authority by

- the licensed building work contractor who has carried out the relevant work, or who was in charge of carrying out the relevant work to which the statement relates, or
- if there is no such licensed building work contractor, such as where the relevant work is to be carried out by an owner builder, by a registered building work supervisor or private certifier

in accordance with the attached pro-forma, which must also be signed by the owner of the relevant land, or by someone acting on his or her behalf.

A person must not occupy a Class 1a building under the Building Code (or an addition to a Class 1a building) that has been completed in accordance with the development authorisation insofar as it relates to the performance of building work unless it complies with the requirements prescribed in Regulation 83A.

CITY OF NORWOOD

This consent is issued on the understanding that the proprietary type materials and products as specified either on the architectural plans or specification are to be selected and installed in accordance with the manufacturers recommendations and relevant standards

Set-off dimensions shall be from the allotment boundaries and not necessarily the fence lines.

No portion of the building or structure (including footings and drainage) shall extend over the property boundary (unless a suitable written agreement has been obtained from the adjoining property owner)

The owner of the site is advised that a retaining wall will be required adjacent to the boundary to retain any cut or fill.

For building work prescribed in regulation 75, the building owner, must, at least 28 days before the building work is commenced cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of that work, as required by Section 60.

A retaining wall less than 1000 mm high on the site boundary is pursuant to Schedule 3 deemed *not* to be *development* however under the provisions of Section 60 and Regulation 75 the associated excavation/ filling is deemed to be building work which affects the stability of the adjoining land and requires notice to be served on the adjoining owner.

The building levels and the location, design and capacity of the stormwater discharge at the property alignment should be approved by council prior to siteworks commencing. The drainage system should be completed by the finish of construction of the building. (Clause 5.5.3 of AS 2870)

The method of stormwater disposal must not result in the entry of water into any building or on to the land of any adjoining owner without their consent.

Eaves gutters shall comply with BCA Part 3.5.2 including the provision of overflow measures and the downpipe spacing and position requirements

A sealed stormwater system will require inspection points at strategic locations to allow for ease of ongoing maintenance. The location and design of the points should be discussed with the design engineer to ensure maximum efficiency.

Any box gutter, rainhead and overflow shall be constructed in accordance with AS/NZS 3500.3.2 – Stormwater drainage. The hydraulic capacity of the overflow device shall be not less than the design flow of the associated gutter outlet.

AS3660.1- 'Termite Management - New Building Work', sets out methods for minimising the risk to new buildings from damage to their structural members by subterranean termites by deterring concealed entry by termites from the soil to the building. A termite barrier system constructed in accordance with this standard can not prevent termite attack, as barriers may be bridged or breached. Where termites bridge barriers the evidence may be detected during inspections which need to be carried out at intervals not exceeding 12 months to reduce the risk of termite damage. A durable notice shall be permanently fixed to the building in a prominent location such as a meter box or the like indicating the method of protection; and the date of installation of the system; and where a chemical barrier is used, its life expectancy as listed on the National Registration Authority label; and the need to maintain and inspect the system on a regular basis. The owner may also wish to seek advice regarding the potential for attack by termites to non-primary structural elements of the building and the precautions available.

Building work adjacent to a property boundary and/or existing structure is proposed and this may compromise the effectiveness of the termite barrier. Documentation on the limitations of the termite barrier installed in this regard should be provided to the building owner.

This consent is issued on the understanding that the stairs and balustrade will be manufactured and installed by "Stairlock" to their design and in accordance with BCA 3.9.1 & 3.9.2 of the Building Code of Australia. If there is any change to this arrangement an amended consent will be required. Treads shall have a non-slip finish or a suitable non-skid strip near the edge of the nosings.

The roof trusses shall be stored, erected, installed and braced in accordance with roof truss design requirements, AS4440, the manufacturers specifications and good trade practice. Particular attention should be paid to the co-ordination of trades to ensure that chord and web restraints are provided in accordance with the truss design parameters and the top and bottom chords are braced in accordance with AS4440 and the manufacturers specifications

It is recommended that regular inspection of the roof trusses, particularly at high load areas such as girder trusses, are conducted by a suitably qualified person as per Workplace Services Hazard Alert, July 2002.

All timbers exposed to the weather or in contact with the ground shall be durability class 1 or 2 (AS1720) or shall be adequately treated with preservative (AS1604). All nails used for framing anchor and straps shall be corrosion protected . Nails used in joints that are continuously damp or exposed to the weather shall be hot-dip galvanised, stainless steel or monel metal.

The assessment of the timber framing has been based on the understanding that the timber to be used for all structural elements has a minimum joint strength group of J4 or JD4.

The footings have not been designed to take into account the effect of future planted trees located within a distance less than their zone of influence from the building whether they are on or outside of the allotment. If clarification is required, refer to the footing construction report or seek advice from the engineer.

The footings have only been checked for compliance with the minimum allowable requirements prescribed in AS2870. The owner is advised to refer to the footing construction report or seek advice from the engineer in this matter. The owners attention should be drawn to Appendix B of AS 2870 'Performance Requirements and Foundation Maintenance'. Particular care should be exercised to ensure that the plumbing and perimeter paving is installed in accordance with the requirements of AS 2870 and engineers details.

Any sump & pump combination shall be selected and installed in accordance with the requirements of section 9 of AS 3500.3 - National Plumbing and drainage code

The articulation or control joints in the masonry walls shall be installed in accordance with the Site Investigation and Footing Construction Report

Wet area details including floor grades, set-downs and water resistant surfaces shall comply with AS3740–2010, BCA Table 3.8.1.1 and BCA Clauses SA 3.8.1.2 and SA 3.2.2

All glazing shall be glazed in accordance with AS1288- 2006.

The required rainwater tanks to be plumbed into the dwelling in accordance with AS3500 must be provided with an overflow device connected into the stormwater disposal system and mosquito proof, non-degradable screens on the inlet and overflow. Supporting structures must be a proprietary product and / or comply with relevant Australian Standards

This consent is based on the understanding that there are no brush fences within 3m of the proposed building works.

This report does not imply compliance with the Electricity Act, 1996 as amended or the regulations thereunder (including Regulations prescribed for purposes of Section 86) or the Work Health & Safety Act 2012 or the regulations thereunder. It is the responsibility of the applicant, owner and the person erecting the building to ensure compliance with same.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.
