Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐ means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

** means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by parentheses below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B—Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1. Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS:

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2. Time for service

The cooling-off notice must be served:

- (a) if this form is served on you before the making of the contract—before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract—before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3. Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4. Methods of service

The cooling-off notice must be:

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:
PO Box 15 Pine Point SA 5571

(being the vendor's last known address); or
- (c) transmitted by fax or email to the following fax number or email address:
joseph@klemich.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or
- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:
1/245 Fullarton Road Eastwood SA 5063

(being *the agent's address for service under the *Land Agents Act 1994* / ~~an address nominated by the agent to you for the purpose of service of the notice~~).

Note:

Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that:

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5. Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than:

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

- If you wish to proceed with the purchase:
- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
 - (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
 - (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Schedule-Division 3-Community lots and strata units

Matters to be considered in purchasing a community lot or strata unit

The property you are buying is on strata or community title. There are **special obligations and restrictions** that go with this kind of title. Make sure you understand these. If unsure, seek legal advice before signing a contract. For example:

Governance

You will automatically become a member of the **body corporate**, which includes all owners and has the job of maintaining the common property and enforcing the rules. Decisions, such as the amount you must pay in levies, will be made by vote of the body corporate. You will need to take part in meetings if you wish to have a say. If outvoted, you will have to live with decisions that you might not agree with.

If you are buying into a mixed use development (one that includes commercial as well as residential lots), owners of some types of lots may be in a position to outvote owners of other types of lots. Make sure you fully understand your voting rights, see later.

Use of your property

You, and anyone who visits or occupies your property, will be bound by rules in the form of **articles or by-laws**. These can restrict the use of the property, for example, they can deal with keeping pets, car parking, noise, rubbish disposal, short-term letting, upkeep of buildings and so on. Make sure that you have read the articles or by-laws before you decide whether this property will suit you.

Depending on the rules, you might not be permitted to make changes to the exterior of your unit, such as installing a television aerial or an air-conditioner, building a pergola, attaching external blinds etc. without the permission of the body corporate. A meeting may be needed before permission can be granted. Permission may be refused.

Note that the articles or by-laws **could change** between now and when you become the owner: the body corporate might vote to change them. Also, if you are buying before the community plan is registered, then any by-laws you have been shown are just a draft.

Are you buying a debt?

If there are unpaid contributions owing on this property, you can be made to pay them. You are entitled to **know the financial state of the body corporate** and you should make sure you see its records before deciding whether to buy. As a prospective owner, you can write to the body corporate requiring to see the records, including minutes of meetings, details of assets and liabilities, contributions payable, outstanding or planned expenses and insurance policies. There is a fee. To make a request, write to the secretary or management committee of the body corporate.

Expenses

The body corporate can **require you to maintain your property**, even if you do not agree, or can carry out maintenance and bill you for it.

The body corporate can **require you to contribute** to the cost of upkeep of the common property, even if you do not agree. Consider what future maintenance or repairs might be needed on the property in the long term.

Guarantee

As an owner, you are a **guarantor** of the liabilities of the body corporate. If it does not pay its debts, you can be called on to do so. Make sure you know what the liabilities are before you decide to buy. Ask the body corporate for copies of the financial records.

Contracts

The body corporate can make contracts. For example, it may engage a body corporate manager to do some or all of its work. It may contract with traders for maintenance work. It might engage a caretaker to look after the property. It might make any other kind of contract to buy services or products for the body corporate. Find out **what contracts the body corporate is committed to and the cost**.

The body corporate will have to raise funds from the owners to pay the money due under these contracts. As a guarantor, you could be liable if the body corporate owes money under a contract.

Buying off the plan

If you are buying a property that has not been built yet, then you **cannot be certain** what the end product of the development process will be. If you are buying before a community plan has been deposited, then any proposed development contract, scheme description or by-laws you have been shown could change.

Buying off the plan

If you are buying a property that has not been built yet, then you **cannot be certain** what the end product of the development process will be. If you are buying before a community plan has been deposited, then any proposed development contract, scheme description or by-laws you have been shown could change.

Mixed use developments—voting rights

You may be buying into a group that is run by several different community corporations. This is common in mixed use developments, for example, where a group of apartments is combined with a hotel or a group of shops. If there is more than one corporation, then you should not expect that all lot owners in the group will have equal voting rights. The corporations may be structured so that, even though there are more apartments than shops in the group, the shop-owners can outvote the apartment owners on some matters. Make enquiries so that you understand how many corporations there are and what voting rights you will have.

Buyers information notice

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au.

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?

- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

Basis of Preparation

The Body Corporate agent has prepared the financial statements on the basis that the Body Corporate is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared to meet the information needs of members.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the Body Corporate agent has determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the prior period unless otherwise stated.

Basis of Accounting

The financial statements have been prepared on a cash basis where income is recorded when received and expenditure is recorded when paid and are based on historical costs.

Cash and cash equivalents

Cash and cash equivalents comprise deposits held on call with banks and other short-term highly liquid investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Goods and Services Tax

Income, expenditure and assets of the Corporation are recognised net of the amount of Goods and Services Tax (GST), except where the GST incurred is not recoverable from the Australian Taxation Office (ATO).

The net amount of GST payable to, or recoverable from, the ATO represents the unpaid portion of the aggregate of GST on income received and expenditure paid and is presented as the GST Control Account on the Statement of Assets and Liabilities.

Income Tax

Income tax is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, during the financial year.

Only the non-member income of the Corporation is assessable for income tax purposes, as member income is excluded under the principle of mutuality.

The income tax expense recorded in the Statement of Income and Expenditure represent amounts that have been paid to, or recovered from, the ATO.

Investigation Report - FMG Investigation Report	Ordinary Resolution	
<p>Following the last Annual General Meeting, B Larkin, J Harris and Body Corporate Manager met with FMG Engineering to review past building inspection reports and to provide an asset condition /evaluation report to summarize findings and recommendations for maintenance required with time frames for work to be completed.</p> <p>The report from FMG following the inspection was previously distributed.</p> <p>As documented there is a considerable amount of work required which has been prioritized Appendix C showing condition and time frames for action required marked immediate to 5 years.</p> <p>In summary, the FMG report identifies the maintenance priorities as:</p> <ul style="list-style-type: none">(1) Immediately – 7no. Assets(2) 6 Months – 2no. Assets(3) 1 year – 13no. Assets(4) 5 year – 5no. Assets(5) Annual monitoring/routine maintenance –3no. Assets <p>- Where no maintenance is deemed necessary, FMG recommends that on-going annual monitoring schedule for future deterioration and possible maintenance works should be undertaken.</p> <p>- The majority of damage observed at the subject site is corrosion and timber rot due to longterm moisture ingress and long-term exposure to moisture.</p>		

Strata and Community Title Services

- A summary table has been provided in Appendix C as previously distributed tabulating the Overall Condition Rating, Maintenance Priorities and a brief description of the Maintenance Required for all assets at the subject site.

- FMG recommends that a qualified experienced structural engineer be engaged to undertake a remediation specification/design to the steelwork that is significantly corroded and has lost the 10% of this section.

- FMG recommends that a qualified experienced civil engineer be engaged to undertake a roof drainage assessment and a redesign of the roof stormwater drainage system for the main roof and carport in accordance with AS3500.3-2018– Stormwater drainage.

- FMG recommends a detailed comprehensive roof cladding inspection to the main roof to identify any damage tiles and flashing causing water ingress and long-term timber rot.

- FMG recommends a detailed comprehensive roof timber trimming inspection to the main roof to identify any damaged (i.e rot, warping, lose etc) timber fascia's, barge boards and ridge boards.

- FMG recommends providing protective perimeter pavement to drain stormwater away from the footings in accordance with AS 2870-2011 Residential slabs and footings.

- FMG recommends a window specialist/manufacturer or similar to be engaged to investigate and inspect all the windows at the subject site to provide a condition assessment on condition and functionally, and maintenance advice

A quotation for the recommended structural and civil engineering work was requested from FMG. Quote included with notice is \$9,500 +GST (attached).

Alternate quotes are being sort for this work. The work is to be staged over the next few years based on priority.

Immediate works ie BONDEK Steelwork and Structural timber are high priority and to be undertaken in the short term.

The report has been sent to Lead Construct and Ian Fry who are two reputable general builders.

Both builders have advised that specific instructions for repair is required to be able to remediate the urgent items.

ie structural timber beams, reinstatement of soffits, details of repair to significant rust damage to steel edge beams and bondek to concrete slabs may be required prior to quoting.

We are awaiting further information from Engineers for specific work required which will then enable the work to be prioritized and a plan showing how the work will be staged.

THAT the Body Corporate authorizes the Management Committee to proceed with urgent priority works and to select the preferred contractor. At present there is \$42,000 in the Sinking Fund and a Special Levy will be required for the shortfall once all the information is received.

At the meeting the following items were agreed:

Stormwater in car park

J McDonald advised that on a recent inspection he noted there was significant water laying around the building and noted that getting the water away from the building should be an urgent priority.

The Presiding Officer advised that Bevan Plumbing had recently attended regarding stormwater overflowing in the car park. They tested the stormwater and found it all to be clear and discharging and advised that during heavy rains the stormwater cannot keep up and have recommended the garden sump is replaced, and the stormwater pipes upsized. Bevans proposal was tabled and discussed.

Mr J McDonald advised that the minimum pipe size needs to be greater than 90mm and felt 120 mm would be adequate to cope with stormwater during heavy rains.

All present agreed for work to be undertaken as a priority.

Investigation Report

The report was discussed, and it was agreed that significant maintenance in the short term will be required.

It was disappointing that the FMG report did not provide details for remediation of critical items i.e. structural steel remediation.

It was agreed that the focus at this stage is to repair the corroded steelwork, Bondek as this work will not require any scaffolding.

The preference of owners at the meeting is to avoid further engineering costs and spend the funds on remediation. If necessary, the engineering costs should only be for the structural steel.

Once quotes have been finalised the management committee are authorised to agree on the special levy that will be required.

The Corporate Manager will only request quotations from, and instruct works to be undertaken on behalf of the Body Corporate, by accredited contractors. However, non-accredited contractor's invoices will be processed for payment only when instructed to do so by the Body Corporate Chairperson or a person authorised by the Body Corporate to do so.

Motion 11				
SACAT Hearing - re Unit 7 Occupant		Ordinary Resolution		
<p>Poor conduct and aggressive and irrational behaviour from Occupant of Unit 7 in September 2022 causing serious concern to owners and occupants. Unit 6 occupant (adjoining unit) was being threatened by Unit 7 occupant. The occupant was accused of spying on him. The Presiding Officer, other owners and occupants, and property manager were approached and were equally concerned with his irrational behaviour.</p> <p>The tenant visited the property managers office and began displaying aggressive conduct at their office and at this point they agreed to terminate the lease at the end of the period.</p> <p>The abuse in all instances was unprovoked. In order to terminate the lease earlier required a SACAT submission by the most affected parties. The submission was made by Unit 6 owners who obtained legal advice from Andreyev to provide advice for the hearing.</p> <p>Legal expenses of \$940.50 were incurred and the owners of Unit 6 seek reimbursement.</p> <p>That the Corporation agree to the reimbursement of legal fees incurred to owners of Unit 6 to address the situation.</p>				
Motion CARRIED.				
Votes	Yes: 8	No: 2	Abs: 1	Inv: 0
Notes				
<p>Comments from Unit 7 were tabled at the meeting.</p> <p>This action was necessary as the tenant threatened and abused other owners, residents including their property manager. It was noted that after the SACAT hearing the tenant was able to stay until the end of the lease with behavioural conditions imposed at the hearing.</p> <p>After discussion owners felt this was a one off extraordinary payment to T Polkinghorne in the amount of \$940 without setting any future precedent.</p>

Motion 13				
Civil Engineer	Ordinary Resolution			
<p>Background At the last meeting a Building Inspection Report was presented. This report identified work that would be required ie gutters, fascias and barges, windows, painting, concrete and structural steel and carports.</p> <p>Owners present requested that we obtain quotation to replace fascias and gutters to the main building and associated stairwell / landings. The estimated cost to do this would be in the order of \$110,000. However, in order to do the work access equipment is required including scaffolding and mechanical elevated platforms are required. An indicative cost for access is \$66,000.</p> <p>To move forward the corporation must engage a civil engineer to assess the damaged timber beams and provide instructions for repair so accurate costs can be obtained.</p> <p>While the scaffolding and lift equipment is on site, they recommend the corporation consider repair and painting of the windows as they show signs of dehydration and deterioration.</p> <p>It was resolved that the Body Corporate agree to engage a Civil Engineer to provide scope of works to enable firm quotations to be obtained for required works.</p> <p>If you voted in favour of the above motion please indicate your preferred contractor/quote, copies of which are attached, by ticking the appropriate box below.</p>

08/12/20 EGM **Proposal for Unit 6 Carport (Special Resolution)**
Following the AGM on the 10th February, 2020 owner of Unit 6, Mr T Polkinghorne presented a proposal to secure the carport for Unit 6. In principle agreement was given at the AGM subject to providing drawings and necessary approvals.

The following documents were attached the AGM Notice:

1. Application letter
2. Drawings
3. Development Approval by City of Adelaide Council

Motion:

That the Body Corporate authorises the Owner of Unit 6 to erect and make secure the carport for Unit 6 in accordance with the written application attached, subject to the following conditions.

- The installation must use the same existing bricks, Followstone roof tiles to match existing and a colour palette for door as advised by the Corporation.
- The installation is to be carried out by a qualified tradesman in a proper and workmanlike manner at the Owners cost;

- The Owners will be responsible for repairing any damage to the common property as a consequence of the installation;
- The Owner must obtain the consent of the Local Authority (development approval attached)
- The Owner must maintain the improvement made under this authority in good condition;
- All costs associated with the installation and maintenance of the garage roller door will be borne by the Owner of that Lot and/or their successors.

MOTION CARRIED

In principle agreement was given to the proposal subject to the following information being supplied by applicant:

- (1) Whether the proposed change needs to be noted at the LTO
- (2) Development approval 142/2020 given was for Revision E dated 6th May, 2020. Evidence of Development approval is required for Revision F dated 25th May, 2020.
- (3) Details in relation to drainage and whether the proposed plan and guttering will cope with any overflow.

Air Conditioner Installation (Special Resolution)

Owners were reminded that anything that alters the external appearance of the building requires corporation approval prior to work being undertaken.

It was brought to the Corporations attention that Unit 14 did not seek approval to install an air conditioner on their balcony. The drainage/overflow pipe is unsightly and unacceptable and should be plumbed into the existing drainage system of the property.

The owner of Unit 14 was seeking retrospective approval for their air conditioner. The proposal was attached to the AGM Notice.

Motion

That the Body Corporate approved the installation of air conditioner on the balcony of Unit 14 and that the overflow pipe as suggested is approved. The colour of the overflow pipe to be painted to match the colour of the wall.

MOTION CARRIED

Approval was granted subject to proposal to replumb the drainage line. It was suggested that overflow pipe should not be visible from front of balcony. It should be plumbed to back of balcony and then neatly at 90 degrees follow the balcony line to the downpipe and down to the drain. The plumbing pipe to be painted the same colour as the brick wall.

- *Loss or Damage caused by the invasion of tree or plant roots or the cost of cleaning pipes or drains they block;*
- *Loss or Damage to Your Building directly resulting from alterations, additions or renovations where the value of such work exceeds \$500,000 unless We have otherwise agreed before the commencement of such work.*

Section 2 - Liability to others

Section 2 covers Your legal liability to others for accidental death, bodily injury, or Loss or Damage to property that happens during the Period of Insurance.

Section 5 - Fidelity guarantee

Section 5 provides cover against the fraudulent misappropriation of Your Funds.

Section 6 - Office bearers liability

Section 6 covers the legal liability of Strata Community office holders and committee members for any wrongful act they commit. This Section is issued on a claims made basis which means it responds to claims first made against You during the Period of Insurance and notified to Us during that same period.

Section 7 - Machinery breakdown

Section 7 provides cover against the breakdown of electrical, electronic and mechanical plant.

Section 8 - Catastrophe insurance

Section 8 covers the unforeseen increase in the Replacement cost of Your Building following the happening of a catastrophe from an event for which the Insurance Council of Australia issues a catastrophe code.

Other benefits include:

- extended period of cover for loss of Rent;
- extended period of cover and escalation in the cost of Temporary Accommodation;

*We do not cover Loss or Damage from any Event which is not claimable under **Section 1**.*

Section 10 – Lot Owners' fixtures and fittings

Lot Owners occasionally replace existing or install additional fixtures and fittings in their Lot without Your Strata Community knowledge.

When this occurs the cost of these improvements may not be included when arriving at the building replacement cost, thus increasing the possibility of under-insurance in the event of a major loss.

This Section 10 covers the Replacement cost of such installations following Loss or Damage covered under **Section 1**. There is a limit to the amount We pay (up to 10% of the Sum Insured) and the cover is also subject to the terms, conditions and exclusions of **Section 1** and the General Exclusions.

Section 11 - Loss of Lot market value

Section 11 covers the reduction in the market value of a Lot or Lots following a total loss or constructive total loss, or partial loss of Your Insured Property when permission to rebuild is limited or restricted by any Public or Statutory Authority that results in all or some Lot titles being terminated.

Please read the appropriate Sections in the Policy Wording for full details of the terms, conditions, exclusions and limits that apply to all sections and how We settle claims.

Other important information

Some other important things to remember are:

- Keep records such as receipts, invoices or other evidence of ownership and value of property that You insure as proof of ownership and value should You have to make a claim.
- When Your Insured Property is a total loss and We have paid out the total Sum Insured, the cover under **Section 1** ceases. If You rebuild or replace Your Insured Property, You will need to take out new cover and pay the applicable Premium.
- Pay Your Premium on time because if it is not paid by the due date or Your payment is dishonoured, Your Policy may be cancelled in accordance with the process set out in the “Cancelling Your Policy” section. Strata Community Insurance will give You written notice of cancellation.
- Throughout the Period of Insurance and when renewing Your insurance with Us You must advise if circumstances relevant to Your Policy have changed where You know, or ought reasonably to have known, that the change is relevant to Our decision to insure You and the terms on which We will insure You. Strata Community Insurance will notify You in writing of any proposed effect a change may have on Your existing insurance or its renewal. We may cancel Your Policy if there is a change and We can't reach an agreement with You on altered terms and conditions or Premium, or We are no longer prepared to insure You because there has been a material change to the risk.

Further We may also cancel Your Policy as permitted by law or refuse to pay or reduce the amount We pay under a claim to the extent We are prejudiced by Your non-compliance if You:

- do not comply with the cover conditions as detailed in the Policy Wording;
- do not comply with Your duty of disclosure; or
- make a fraudulent claim.

Monetary limits on cover

We can insure You up to the amount of the Sum Insured or other specified limits for Your Insured Property. These amounts are specified in the relevant clauses in the Policy Wording or on the Schedule.

Covers for Liability to others, Office Bearers Liability, Machinery Breakdown and Government Audit Costs and Legal Expenses insure You up to a set Sum Insured that is shown on the Schedule.

Review Your sums insured regularly

You need to make sure You are happy with the relevant sum(s) insured and limits.

If You do not adequately insure yourself You may have to bear the uninsured proportion of any loss yourself.

For example, if You don't have a sufficient Sum Insured to replace Your Insured Property at new cost You will bear the shortfall. The cost of demolition and removal of debris from the site, and other costs such as the cost of employing an architect or surveyor, the replacement of other structures such as driveways, roadways, kerbing, above and below ground services should all be included in the Sum Insured. If You are unsure whether Your Insured Property is insured for the correct amount, You should seek professional advice.

You should also advise Strata Community Insurance of any changes in the details of the information You have given Us such as alterations or extensions to Your Insured Property. If You do not do so Your insurance may not be sufficient.

Payment of Excesses

Excesses may apply to any claim under this insurance.

An Excess is an amount You may have to pay as a contribution to each claim You make under this insurance policy. The Excesses that are applicable are shown on the Schedule, and/or within the relevant Sections.

An Excess will be applied for each incident where a claim is made.

We will tell You the amount of any Excess when You apply for cover. They may vary according to a number of factors, such as Your risk location and Your insurance history.

Goods and Services Tax (GST) Notice

The Policy Wording part has provisions relating to GST that You should read in full (see Goods and Services Tax on page 15). In summary, they are as follows:

- The amount of Premium payable by You for this Policy includes an amount on account of the GST on the Premium (including any administration fee charged by Strata Community Insurance).
- The Sum Insured and other limits of insurance cover shown on Your Policy documentation are GST inclusive.

- When We pay a claim, Your GST status will determine the maximum amount We pay You.

There may be other taxation implications affecting You, depending upon Your own circumstances. We recommend that You seek professional advice.

Applying for cover

When You apply for cover under this Policy We may, based on the information You provide, be able to offer cover and terms specific to You. Once We have agreed to cover You We will issue You with a Schedule confirming this, including the following information:

- the Sum Insured and Situation of Your Insured Property;
- Excess(es) applicable;
- Premium including taxes and charges and any administration fee charged by Strata Community Insurance.

The cost of this insurance

In order to calculate Your Premium, We take various factors into consideration, including:

- the cover required and sum(s) insured;
- the address of Your Insured Property;
- Your insurance history;
- the security features of Your Insured Property.

The Premium also includes amounts payable in respect of compulsory government charges including Stamp Duty, GST, any Fire Service Levy (where applicable) and Strata Community Insurance's administration fee (see their Financial Services Guide for details).

When You apply for this insurance, You will be advised of the Premium. If You choose to effect cover, the amount will be set out on the Schedule.

Cooling off period

You have twenty-one (21) days after buying or renewing Your Policy to decide if it meets Your needs and You wish to continue with the insurance. If You notify Us in writing within this period that You wish to cancel Your Policy as from its start date, We will refund Your Premium less any government taxes or duties that are non-refundable or remain payable by Us.

This cooling off right does not apply if You have made or are entitled to make a claim.

Even after the cooling off period ends You still have cancellation rights, however We may deduct certain amounts from any refund (see "Cancelling Your Policy" in the Policy Wording).

Your duty of disclosure

Before You enter into a contract of general insurance with Us, You have a duty, under the *Insurance Contracts Act 1984* (Cth), to disclose to Us every matter that You know, or

could reasonably be expected to know, is relevant to Our decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to Us before You renew, extend, vary or reinstate a contract of general insurance.

This duty of disclosure applies until the contract is entered into (or renewed, extended, varied or reinstated as applicable).

Your duty however does not require disclosure of any matter:

- that diminishes the risk to be undertaken by Us; or
- that is of common knowledge; or
- that We know or, in the ordinary course of Our business as an insurer, ought to know; or
- as to which compliance with Your duty is waived by Us.

Non-disclosure

If You fail to comply with Your duty of disclosure, We may be entitled to reduce Our liability under the contract in respect of a claim, cancel the contract, or both.

If Your non-disclosure is fraudulent, We may also have the option of avoiding the contract from its beginning.

The General Insurance Code of Practice

The General Insurance Code of Practice was developed by the Insurance Council of Australia to further raise standards of practice and service across the insurance industry.

The Code Governance Committee (CGC) is an independent body that monitors and enforces insurers' compliance with the Code.

You can obtain more information on the Code of Practice and how it assists You by contacting Strata Community Insurance. Contact details are provided on the back cover of this PDS.

For more information on the Code Governance Committee (CGC) go to <https://insurancecode.org.au/>

How to make a claim

You should contact Strata Community Insurance as soon as reasonably possible to advise of any incident that could lead to a claim. If You do not, We may reduce or deny Your claim to the extent We are prejudiced by Your delay.

Having the required documentation and if possible photographs of the items will assist in having Your claim assessed and settled.

In order to be sure that You are covered under this Policy You should always contact Us for approval before You incur costs You wish to claim. If You do not, We will pay for costs incurred up to the amount We would have authorised had You sought approval from Us first.

When You make a claim You must:

- provide details of the incident and when requested complete the claim form We send You;
- allow Us or Strata Community Insurance to inspect Your Insured Property at reasonable times and frequency and take possession of any damaged item for reasonable purposes and in any reasonable manner;
- take all reasonable steps to reduce the Loss or Damage and prevent further Loss or Damage;
- inform the police as soon as reasonably possible following theft, vandalism, malicious damage or misappropriation of money or property;
- take reasonable steps to keep any damaged items. To ensure You are covered, please contact Us or Strata Community Insurance for approval before any disposal; and
- not get repairs done, except for essential temporary repairs, until We or Strata Community Insurance give You authority and subject to Our and Strata Community Insurance's right to choose the repairer or supplier. Please contact Us to confirm approval for these costs.

These are only some of the things that You must do if making a claim. Please refer to "Claims procedures" in the Policy Wording part which sets out claims information and what You must do if making a claim.

If You are dissatisfied with Our service in any way, please contact Us and We will attempt to resolve the matter in accordance with our internal dispute resolution procedures.

Financial Claims Scheme

This Policy is a protected policy under the Financial Claims Scheme (FCS), which protects certain insured's and claimants in the event of an insurer becoming insolvent and being unable to meet their obligations under a contract of insurance. In the unlikely event of Us becoming insolvent, a person entitled to claim under the Policy may be entitled to payment under the FCS provided they meet the eligibility criteria.

More information about the FCS may be obtained from the APRA website at <http://www.apra.gov.au> and the APRA hotline on 1300 55 88 49.

Terrorism Insurance Act

We have determined that the Policy (or part of it) is a policy to which the *Terrorism Insurance Act 2003* (Cth) ("Act") may apply. We may elect to reinsure part or all of Our liability under the Act with the Commonwealth Government reinsurer, the Australian Reinsurance Pool Corporation (ARPC).

As a consequence, We may be required to pay a premium to ARPC and that amount (together with the cost of that part of the cover provided by Us and administrative costs associated with the Act) is reflected in the premium charged to You. As with any other part of Our premium, it is subject to government taxes and charges.

Where We determine that the Policy (or part of it) may become a policy to which the Act may apply as a result of indexation of the Sum Insured during the Period of Insurance as provided on page 13 of the PDS, We may also charge You a pro rata premium for the time during the Period of Insurance that the Policy may be a policy to which the Act applies.

Applicable ARPC amounts will be shown separately on the Schedule and are subject to government taxes and charges.

Policy Wording:

Residential Strata Community

Important information

It is very important that You read the Policy carefully and make sure You are satisfied with this insurance.

What makes up this Policy

This Policy Wording, the Schedule and any Endorsements:

- must be read together as they form Your insurance contract;
- set out what You are insured for and those circumstances where You will not be insured.

Some words and expressions have been given a specific meaning in this Policy and You will find their meaning in the General Definitions and individual Section Special Definitions.

Payment of Premium

Provided We receive the Premium, We will insure You as set out in this Policy and the Schedule.

You may elect to pay Your Premium annually in one payment or by instalments.

Payment by Instalment

When You elect to pay Your Premium by instalments by way of a direct debit from Your credit card or financial institution these payments will be deducted on the date or frequency nominated. You must tell Us, not later than seven (7) days before Your next instalment is due, if these details change.

If Your credit card provider or financial institution dishonours a direct debit payment due to lack of funds in Your account, or any other reason. We may charge You for any direct and indirect costs that We incur arising from Your payment being dishonoured.

You must ensure that Your instalments are paid on time. We will notify You if an instalment has not been paid and We will try to deduct the overdue amount along with Your next regular payment. If the next attempt to deduct the outstanding amount fails, We will cancel Your policy for non-payment. We will send You a notice advising You of cancellation, and cancellation will be effecting 14 days from the date of this notice.

Adjustments on renewal

Notice

At least fourteen (14) days before Your Policy expires, We will send You a renewal Schedule detailing any changes to Your Sums Insured, Premium and charges, and if any, changes to the terms, conditions and Excesses that previously applied.

You should carefully check all these details and promptly advise Strata Community Insurance if You wish to vary any of the limits.

Indexation

If Your Insured Property suffers Loss or Damage during the Period of Insurance We will increase Your Sum Insured under **Section 1 Part A - 1** and **2** by reference to the Cordell Housing Index Price (CHIP) increase since the start date of the current Period of Insurance.

On renewal We will increase Your Sums Insured under **Section 1 Parts A and B** and **Section 8** by reference to the Cordell Housing Index Price (CHIP) increase during Your previous Period of Insurance.

The renewal Schedule We send You will show Your updated Sums Insured and the Premium applicable thereto. You should promptly advise Strata Community Insurance should You wish to vary these updated Sums Insured.

Indexation does not apply:

- i. *if Your Sums Insured under **Section 1 Parts A and B** and **Section 8** exceed \$100,000,000 in total;*
- ii. *to any other policy limit contained in **Sections 1 and 8**.*

Instalment payments

If paying by instalments, We will automatically continue Your cover on the terms contained in the renewal offer We send You. We will, unless You advise Us to the contrary, continue to deduct Your instalment payments during the next Period of Insurance.

If a claim occurs in the previous Period of Insurance and You do not notify Us until after the Premium and other conditions for the next Period of Insurance are determined We may propose an additional Premium in order to maintain cover. We may cancel Your policy if there is a change and We can't reach an agreement with You on altered terms and conditions or premium, or We are no longer prepared to insure You because there has been a material change to the risk. This condition does not affect any other rights that We have, including the rights We have under Your duty of disclosure.

Loyalty discount

Based on Your claims experience and the length of time Your Policy has been continuously insured with Us You may be entitled to a loyalty discount which will apply automatically to the base premium. The amount of Your discount will vary depending on how long You have held a continuously insured claims free Policy with Us. The discount will only apply to the extent any minimum premium is not reached. Your Schedule will show when You qualify for a loyalty discount.

You must disclose all previous claims

You are asked at the time You take out this insurance to give Us full and correct details concerning any:

- renewal or insurance Policy declined, cancelled or refused, or where any Excess was imposed;
- claim refused by an insurer;
- claim made;

in relation to You because any of these may affect the Premium and extent of insurance.

For example We may be entitled to:

- charge You an additional Premium;
- impose (back dated) restrictions declining Your insurance back to when this information should have been advised to Us;
- decline to insure You;
- refuse a claim.

When renewing Your Policy with Us You must also advise Us of any changes to Your claims or insurance history. We will notify You in writing of the effect a change may have on Your renewal.

10. Contribution

Where a claim covered under this Policy is also insured elsewhere, We may exercise Our right to seek contribution from the other insurer or insurers.

Acts or omissions of Your Strata Community Manager

We will not deny liability for a claim, or reduce the amount of a claim, if Our right of denial or reduction is solely caused by an act, error or omission of Your Strata Community Manager while acting on Your behalf.

- (a) You may cancel all or part of this Policy at any time by giving Us notice in writing.
- (b) We may cancel this Policy on any of the grounds set out in the *Insurance Contracts Act 1984* (Cth) and We will always tell You of this in writing.

Sum Insured, limit of indemnity or other Policy limit and where You are liable to pay an amount for GST in respect of an acquisition relevant to Your claim We will pay for the GST amount but We will reduce the GST amount We pay by the amount of any Input Tax Credits to which You are or would be entitled.

You must advise Us of Your correct Australian Business Number and Input Tax Credit Entitlement. Any GST liability arising from Your incorrect advice is payable by You.

Where the settlement of Your claim is less than the Sum Insured or the other limits of insurance cover, We will only pay an amount for GST (less Your entitlement for Input Tax Credit) applicable to the settlement. This means that if these amounts are not sufficient to cover Your loss, We will only pay the GST relating to Our settlement of the claim.

GST, Input Tax Credit (ITC), Business Activity Statement (BAS) and Acquisition have the same meaning as given to those expressions in A New Tax System (Goods and Services Tax) Act 1999 and related legislation as amended from time to time.

Input Tax Credit Entitlement is Your entitlement to an Input Tax Credit on Your Premium as a percentage of the total GST on that Premium.

Notice to tenant of rent increase

Residential Tenancies Act 1995 (section 55)

VARIATION OF RENT

- (1) The landlord may increase the rent payable under a residential tenancy agreement by giving written notice to the tenant specifying the date as from which the increase takes effect.
- (2) However—
 - (a) the right to increase the rent may be excluded or limited by the terms of the residential tenancy agreement; and
 - (b) if the tenancy is for a fixed term, the residential tenancy agreement is taken to exclude an increase in rent during the term unless it specifically allows for an increase in rent; and
 - (c) the date fixed for an increase of rent must be at least 12 months after the date of the agreement or, if there has been a previous increase of rent under this section, the last increase and at least 60 days after the notice is given but—
 - (i) if the maximum rent for the premises has been fixed by a housing improvement notice, and the notice is revoked, the landlord may, by notice given under this section within 60 days after revocation of the housing improvement notice, increase the rent for the premises from a date falling at least 14 days after the notice is given; and
 - (ii) if the landlord is a registered community housing organisation, and the residential tenancy agreement provides for variation of rent in accordance with the tenant's income, the landlord may increase the rent on the ground of a variation in the tenant's income from a date falling at least 14 days after the notice of the increased rent is given; and
 - (iii) if the landlord is a registered community housing organisation under a residential tenancy agreement that allows the landlord to change the basis of calculating the rent payable under the agreement, and the landlord gives the tenant written notice that there is to be a change in the basis of calculating rent as from a specified date (which must be at least 60 days after the notice is given and at least 12 months from the date of the agreement, or if there has been a previous change in the basis of rent calculation, at least 12 months from the date of the last such change), the rent may be increased to accord with the new basis of rent calculation as from the specified date without further notice under this section.
- (2a) Despite subsections (1) and (2), the rent payable under a residential tenancy agreement may be increased at any time by mutual agreement between the landlord and the tenant.
- (2b) However, an increase of rent under subsection (2a) must be at least 12 months after the date on which the residential tenancy agreement was entered into or, if there has been a previous increase of rent under this section, the last increase.
- (3) The rent payable under a residential tenancy agreement may be reduced by mutual agreement between the landlord and the tenant.
- (4) A reduction of rent may be made on a temporary basis so that the rent reverts to the level that would have been otherwise applicable at the end of a specified period.
- (5) If the rent payable under a residential tenancy agreement is increased or reduced under this section, the terms of the agreement are varied accordingly.
- (6) This section does not affect the operation of a provision of a residential tenancy agreement under which the rent payable under the agreement changes automatically at stated intervals on a basis set out in the agreement.
- (7) For the purposes of this section, a series of residential tenancy agreements between the same parties (whether on the same terms or otherwise) and relating to the same premises is treated as a single residential tenancy agreement unless at least 12 months have elapsed since rent for the premises was fixed or last increased.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

PREScribed INFORMATION

Particulars relating to Environment Protection

Further information held by councils

Does the council hold details of any development approvals relating to—

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

*YES/NO

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a ***potentially contaminating activity*** has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- (a) the approval of development by a council does not necessarily mean that the development has taken place;
- (b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

IMPORTANT NOTICE
SMOKE ALARM LEGISLATION

Legislation relating to smoke alarms came into force on the 1st day of February 1998.

- If the home you are purchasing was built on or after the 1st January 1995, then it should already have an operational mains powered smoke alarm installed. If not, it is the responsibility of the vendor to install it prior to settlement at the vendor's cost.
- If the home was built prior to 1st January 1995, but purchased by the vendor on or after 1st February 1998, then it should already have either an operational mains powered smoke alarm installed, or one powered by 10 year life, non-replaceable, non-removable permanently connected batteries. Again, it is the responsibility of the vendor to install such an alarm prior to settlement, and at the vendor's cost.
- In all other cases, the home you are buying must have at least, a battery operated smoke alarm which you are required to upgrade to mains power (or an alarm fitted with 10 year life, non-replaceable, non-removable permanently connected batteries) within six months of the date of purchase. It is recommended that at least one smoke alarm be installed on each floor of a multi storey dwelling.

The smoke alarms must be installed by a licensed electrician and must comply with the Australian Standard. A maximum penalty of \$750.00 for a breach of the legislation applies.

Besides this penalty, there is also a risk that damage caused by fire to a dwelling, which does not have a smoke alarm installed as required under the legislation, may not be covered by insurance.
