Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐ *means the Part, Division, particulars or item may not be applicable.*

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* *means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by parentheses below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B—Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off

(section 5)

1. Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS:

(a) you purchased by auction; or

(b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or

(c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or

(d) you are a body corporate and the land is not residential land; or

(e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or

(f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or

(g) the contract also provides for the sale of a business that is not a small business.

2. Time for service

The cooling-off notice must be served:

(a) if this form is served on you before the making of the contract—before the end of the second clear business day after the day on which the contract was made; or

(b) if this form is served on you after the making of the contract—before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3. Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4. Methods of service

The cooling-off notice must be:

(a) given to the vendor personally; or

(b) posted by registered post to the vendor at the following address:

9 JOHN RAMSAY CIRCUIT HOPE VALLEY SA 5090

(being the vendor's last known address); or

(c) transmitted by fax or email to the following fax number or email address:

EMAIL - ben@klemich.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

(d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

1/245 FULLARTON ROAD EASTWOOD SA 5063

(being *****the agent's address for service under the *Land Agents Act 1994* /~~an address nominated by the agent to you for the purpose of service of the notice~~).

Note:

Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that:

(a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;

(b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5. Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than:

(a) the amount of any deposit paid if the deposit did not exceed $100; or

(b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase:

(a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and

(b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and

(c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Schedule—Division 1—Particulars of mortgages, charges and prescribed encumbrances affecting the land (section 7(1)(b))

Note:

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

(a) there is an attachment to this statement and:
  (i) all the required particulars are contained in that attachment; and
  (ii) the attachment is identified in column 2; and
  (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or

(b) the mortgage, charge or prescribed encumbrance:
  (i) is 1 of the following items in the table:
    (A) under the heading 1. General:
      1.1 Mortgage of land
      1.4 Lease, agreement for lease, tenancy agreement or licence
      1.5 Caveat
      1.6 Lien or notice of a lien
    (B) under the heading 36. Other charges:
      36.1 Charge of any kind affecting the land (not included in another item); and
  (ii) is registered on the certificate of title to the land; and
  (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the Consumer and Business Advice section on the following website: www.cbs.sa.gov.au.

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety, Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property e.g. sheds and fences?
- Does the property have any significant **defects** e.g. **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (e.g. electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit Consumer and Business Advice section on the following website: www.cbs.sa.gov.au.

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

Financial and investment advice

A land agent or sales representative who provides financial or investment advice to you in connection with the sale or purchase of land or a business is obliged to tell you the following;

You should assess the suitability of any purchase of the land or business in light of your own needs and circumstances by seeking independent financial and legal advice.

Note: For the purposes of section 24B of the Act, an agent or sales representative who provides financial or investment advice to a person in connection with the sale or purchase of land or a business must:

a) in the case of oral advice - immediately before giving the advice, give the person warning of the matters set out in this Form orally, prefaced by the words **"I am legally required to give you this warning"**; or

b) in the case of written advice - at the same time as giving the advice or as soon as reasonably practicable after giving the advice, give the person this Form, printed or typewritten in not smaller than 12-point type.

Annexure: Smoke Alarms in Dwellings

REISA
REAL ESTATE INSTITUTE OF SOUTH AUSTRALIA

Development Regulations 2008

76B—Fire safety requirements—smoke alarms in dwellings

1. This regulation applies to Class 1 and 2 buildings under the *Building Code* (whenever constructed).

2. Subject to any other requirement in the *Building Code*, 1 or more smoke alarms complying with Australian Standard 3786–1993 (as in force from time to time) must be installed in each dwelling that is, or forms part of, a building to which this regulation applies in locations that will provide reasonable warning to occupants of bedrooms in that dwelling so that they may safely evacuate in the event of fire.

3. If title of land on which a building to which this regulation applies is situated is transferred, then, within 6 months from the day on which title is transferred, each dwelling that is, or forms part of, the building must have a smoke alarm or smoke alarms in accordance with the requirements of subregulation (2) that are powered through a mains source of electricity (unless the building is not connected to a mains source of electricity) or powered by 10 year life non-replaceable, non-removable permanently connected batteries.

4. If a smoke alarm or smoke alarms are not installed in a building to which this regulation applies in accordance with the requirements of this regulation, the owner of the building is guilty of an offence.

   Maximum penalty: $750.

5. For the purposes of this regulation—

   (a) the transfer of the interest of—

      (i) a unit holder of a unit under the *Strata Titles Act 1988*; or
      (ii) an owner of a community lot under the *Community Titles Act 1996*; or
      (iii) an occupant of a unit in a building unit scheme,

   will be taken to be a transfer of title of land; and

   (b) land will be taken to include a unit under the *Strata Titles Act 1988*, a community lot under the *Community Titles Act 1996* and a unit in a building unit scheme (and to the extent that such a unit or community lot comprises a building, it will be taken that the building is situated on that unit or lot); and

   (c) a unit holder of a unit under the *Strata Titles Act 1988*, an owner of a community lot under the *Community Titles Act 1996* or an occupant of a unit in a building unit scheme will be taken to be the owner of any building comprising the unit or lot.

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:
a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (https://1100.com.au) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

***Land Tax Act 1936* and *Regulations* thereunder**

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986* and *Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

DEVELOPMENT APPROVAL NOTES

The owner is responsible to ensure that:-

- the description of the land in the site plan is in accordance with the Certificate of Title for the property
- building works are correctly depicted on the site plan submitted
- approved building works are constructed within the property boundary.

An approved crossing place (entranceway) must be provided prior to construction commencing on any vacant land. Crossing place construction applications are available from Council's Engineering Department.

It is the owners responsibility to ensure that the proposed building work is not sited over an easement. A copy of the certificate of title, which is available from the Lands Titles Office, will provide this information.

You are advised to contact the appropriate authorities such as S A Water, ETSA, Telstra, Department of Road Transport, Gas Co, Aust Post regarding their requirements before construction is commenced.

The Electricity Trust of South Australia should be notified by you of all proposed additions and alterations to existing building and those proposals to erect signs, awnings, temporary scaffolding or other structures near overhead electricity service and street mains. Building work near overhead electricity conductors sometimes creates dangerous situations while underground cables are often covered in such a way that maintenance becomes impossible. Failure to observe safe clearances to existing services in building operations may make you liable to pay damages to the Trust.

Building materials are not to be placed on the road or footpath areas.

1 You may have a right of appeal to the Environment, Resources and Development Court against the decision if it is either:

- a refusal, or
- an authorisation with conditions.

Such an appeal may be lodged within two months of the day on which you receive notice of the decision or such longer period as the Court may allow.

Please contact the Environment, Resources & Development Court, not Council, if you wish to appeal. The Court is situated in the Samuel Way Building, Victoria Square, Adelaide, Telephone 82040300.

2 If your application was the subject of third party representations, any consent shall not operate until after fifteen business days from the date of the decision.

If there is an appeal by a third party, any consent shall not operate until determination or withdrawal of the appeal.

It is suggested that, fifteen business days after the date of the decision, you contact the Environment, Resources and Development Court to determine if an appeal has been lodged.

3 The development must be substantially commenced or for land division, you must apply to the Council and the Planning Commission for certificates of approval, within 12 months of the date of the decision unless the period has been extended by Council, or if the decision has been subject to an appeal, 12 months from the date of the determination or withdrawal of the appeal.

Any consent granted, whether subject to conditions or not shall lapse after 3 years from the operative date of the decision or appeal, if the development has not been substantially completed.

You will require a fresh consent before commencing or continuing the development if you are unable to satisfy these requirements.

The Encumbrancer (which expression includes when "The Encumbrancer" is a corporate body its successors and assigns and when "The Encumbrancer" is a person that person's heirs executors administrators and transferees and where there is more than one corporate body and/or person comprised in the expression of all of them jointly and each of them severally and the respective successors assigns heirs executors administrators and transferees of all of them) encumbers the said land as part of a common building scheme for the benefit of the Encumbrancees (which expression includes their respective successors and assigns) and covenants with the Encumbrancees (in addition and without prejudice to the covenants on the part of the Encumbrancer and the powers rights and remedies of the Encumbrancees as encumbrancees implied herein under and by virtue of the provisions of the Real Property Act 1886 as amended thereof for the time being in force except insofar as the same are hereby expressly or impliedly negatived or modified) as follows:

1. The Encumbrancer shall not allow suffer or permit any dwelling house to be created on the said land unless the living areas of the floor plan of the said dwelling house incorporated under the main roof equals or exceeds the following:

140m2 on allotments greater than 550m2
120m2 on allotments between 430 m2 and 549m2
100m2 on allotments less than 430m2

2. The Encumbrancer shall not allow suffer or permit any dwelling house to be erected on the said land which dwelling house has a roof pitch of less than 25 degrees.

3. Unless approved otherwise by the Encumbrancee the Encumbrancer will not erect or cause or permit to be erected on the said land any building scheme which does not provide for car accommodation under the main roof of the building or other suitable free-standing car accommodation. Such car accommodation must have a roof line substantially similar in style and of the same roof materials as that of the principal dwelling.

4. The Encumbrancee shall within 12 calendar months after settlement of the land commence construction of a dwelling on the said land and written approval must be sought from the Encumbrancee prior to commencement.

5. It is covenanted agreed and declared between the Encumbrancer and the Encumbrancee that the Encumbrancer will within nine calendar months after the completion of a private residence upon the said land prepare and develop in the form of landscaping and thereafter maintain the said land between the front alignment of the said private residence and the footpath alignment or pedestrian walkway fronting or bordering the said land in good order and condition.

6. The Encumbrancer shall not without prior consent in writing of the Encumbrancee erect or cause or permit to be erected any fence or gate:

- less than 1.8m high
- of materials other than brushwood or masonry or capped colourbond coated iron of subdued colour (beige).
