Contents

Preliminary

Part A - Parties and land

Part B - Purchaser's cooling-off rights and proceeding with the purchase

Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* *means strike out or omit the option that is not applicable.*

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

9 The Crescent Marryatville SA 5068

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

sold@klemich.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

1/245 Fullarton Road Eastwood SA 5063

(being ~~*the agent's address for service under the Land Agents Act 1994 / an address nominated by the agent to you for the purpose of service of the notice).~~

Note - Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Schedule - Division 1

Particulars of mortgages, charges and prescribed encumbrances affecting the land (section 7(1)(b))

Note -

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

- (a) there is an attachment to this statement and -
 - (i) all the required particulars are contained in that attachment; and
 - (ii) the attachment is identified in column 2; and
 - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance -
 - (i) is 1 of the following items in the table:
 - (A) under the heading 1. General -
 - 1.1 Mortgage of land
 - 1.4 Lease, agreement for lease, tenancy agreement or licence
 - 1.5 Caveat
 - 1.6 Lien or notice of a lien
 - (B) under the heading 36. Other charges -
 - 36.1 Charge of any kind affecting the land (not included in another item); and
 - (ii) is registered on the certificate of title to the land; and
 - (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2025 regulation 16

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the Consumer and Business Advice section on the following website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring**, **gas installation**, **plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (eg electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit Consumer and Business Advice section on the following website: www.cbs.sa.gov.au

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

Warning Notice

Financial and Investment Advice

Land and Business (Sale and Conveyancing) Act 1994 section 24B

Land and Business (Sale and Conveyancing) Regulations 2025 regulation 21

A land agent or sales representative who provides financial or investment advice to you in connection with the sale or purchase of land or a business is obliged to tell you the following —

You should assess the suitability of any purchase of the land or business in light of your own needs and circumstances by seeking independent financial and legal advice.

NOTE: For the purposes of section 24B of the Act, an agent or sales representative who provides financial or investment advice to a person in connection with the sale or purchase of land or a business must

- in the case of oral advice - immediately before giving the advice, give the person warning of the matters set out in this Form orally, prefaced by the words "**I am legally required to give you this warning**"; or
- in the case of written advice - at the same time as giving the advice or as soon as reasonably practicable after giving the advice, give the person this Form, printed or typewritten in not smaller than 12-point type.

Particulars of Building Indemnity Insurance

Note—Building indemnity insurance is not required for—

- (a) domestic building work for which approval under the *Planning, Development and Infrastructure Act 2016*, the repealed *Development Act 1993* or the repealed *Building Act 1971* is or was not required; or
- (b) minor domestic building work (see section 3 of the *Building Work Contractors Act 1995*); or
- (c) domestic building work commenced before 1 May 1987; or
- (d) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* applies under the *Building Work Contractors Regulations 2011*; or
- (e) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act 1995* has been granted under section 45 of that Act.

Details of building indemnity insurance still in existence for building work on the land:

Building Indemnity Insurance is required **NO** (refer above note):

- 1 Name(s) of person(s) insured:.....
- 2 Name of insurer:.....
- 3 Limitations on the liability of the insurer:.....
- 4 Name of builder:.....
- 5 Builder's licence number:.....

Particulars relating to Environment Protection

Further information held by councils

Does the council hold details of any development approvals relating to—

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993* or the *Planning, Development and Infrastructure Act 2016*)?

NO

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a ***potentially contaminating activity*** has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- (a) the approval of development by a council does not necessarily mean that the development has taken place;
- (b) the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

ADVISORY NOTES

Planning Consent

Advisory Note 1

No work can commence on this development unless a Development Approval has been obtained. If one or more Consents have been granted on this Decision Notification Form, you must not start any site works or building work or change of use of the land until you have received notification that Development Approval has been granted.

Advisory Note 2

Consents issued for this Development Application will remain valid for the following periods of time:

1. Planning Consent is valid for 24 months following the date of issue, within which time Development Approval must be obtained;
2. Development Approval is valid for 24 months following the date of issue, within which time works must have substantially commenced on site;
3. Works must be substantially completed within 3 years of the date on which Development Approval is issued.

If an extension is required to any of the above-mentioned timeframes a request can be made for an extension of time by emailing the Planning Department at townhall@npsa.gov.au. Whether or not an extension of time will be granted will be at the discretion of the relevant authority.

Advisory Note 3

Appeal Rights - General rights of review and appeal exist in relation to any assessment, request, direction or act of a relevant authority in relation to the determination of this application, including conditions.

Advisory Note 4

The Applicant is reminded of its responsibilities under the *Environment Protection Act 1993*, to not harm the environment. Specifically, paint, plaster, concrete, brick wastes and wash waters should not be discharged into the stormwater system, litter should be appropriately stored on site pending removal, excavation and site disturbance should be limited, entry/exit points to the site should be managed to prevent soil being carried off site by vehicles, sediment barriers should be used (particularly on sloping sites), and material stockpiles should all be placed on site and not on the footpath or public roads or reserves. Further information is available by contacting the EPA.

Advisory Note 5

The granting of this consent does not remove the need for the beneficiary to obtain all other consents which may be required by any other legislation.

The Applicant's attention is particularly drawn to the requirements of the *Fences Act 1975* regarding notification of any neighbours affected by new boundary development or boundary fencing. Further information is available in the 'Fences and the Law' booklet available through the Legal Services Commission.

Advisory Note 6

The Applicant is advised that construction noise is not allowed:

1. on any Sunday or public holiday; or
2. after 7pm or before 7am on any other day

Advisory Note 7

The Applicant is advised that any works undertaken on Council owned land (including but not limited to works relating to crossovers, driveways, footpaths, street trees and stormwater connections), or works that require the closure of the footpath and / or road to undertake works on the development site, will require the approval of the Council pursuant to the *Local Government Act 1999* prior to any works being undertaken. Further information may be obtained by contacting Council's Public Realm Compliance Officer on 8366 4513.

Advisory Note 8

The Applicant is advised that the condition of the footpath, kerbing, vehicular crossing point, street tree(s) and any other Council infrastructure located adjacent to the subject land will be inspected by the Council prior to the commencement of building work and at the completion of building work. Any damage to Council infrastructure that occurs during construction must be rectified as soon as practicable and in any event, no later than four (4) weeks after substantial completion of the building work. The Council reserves its right to recover all costs associated with remedying any damage that has not been repaired in a timely manner from the appropriate person.

Advisory Note 9

The Council has not surveyed the subject land and has, for the purpose of its assessment, assumed that all dimensions and other details provided by the Applicant are correct and accurate.

Advisory Note 10

If excavating, it is recommended you contact Before You Dig Australia (BYDA) (www.byda.com.au) to keep people safe and help protect underground infrastructure.

BUILDING CLASSIFICATION/S

Essential safety provisions apply: No

Building work Front fencing associated with a Local Heritage Place

Building Classification	Approved number of occupants
10B - Fence, mast, Antenna, swimming pool	N/A

REQUIRED NOTIFICATIONS

You are advised that notice and/or documentation must be provided to council when the following stages of building work are reached (regulation 93):

Building work Front fencing associated with a Local Heritage Place

(None)

Note regulation 57(7) allows the relevant authority issuing the notice to specify any additional stage of building work for which notice must be given to the council under regulation 93.

Where a building certifier is issuing the building consent the use of this regulation is to inform the council of stages of work when a notification should be provided and an inspection may occur at the council's discretion. If applicable, notifications specified under 57(7) are therefore intended to be in addition to mandatory

notifications and any notifications specified by council under 93(1)(b) or (c) when issuing the final Development Approval.

*To submit the requested notifications, log in to the SA planning portal and select **Submit mandatory building notifications**.*

STATEMENT OF COMPLIANCE

A Statement of Compliance is required at the completion of all building work, except in respect of a Class 10 building other than a swimming pool or private bushfire shelter.

Building Work Front fencing associated with a Local Heritage Place

The following certificates, reports or other documents must be provided to the building certifier or council (as relevant) with the completed Statement of Compliance under regulation 57(8)(c).

(None specified)

A blank copy of the Statement of Compliance is available on the SA planning portal. The Statement of Compliance and other required documents may be uploaded to the SA planning portal on completion.

BUILDING OCCUPATION/COMPLETION

Building work Front fencing associated with a Local Heritage Place

Building classification 10B - Fence, mast, Antenna, swimming pool

A Certificate of Occupancy issued under section 152 is required for this building before it can be occupied: No

Note section 152 of the Act and regulation 103, requires a Certificate of Occupancy to be issued before a building can be occupied. A Certificate of Occupancy is not required for a Class 10 building or for a Class 1a building where the application for building consent is lodged and verified within the SA planning portal before 1 October 2024. In the meantime, a person must not occupy a Class 1a building for which a Certificate of Occupancy is not required unless it meets the minimum standards for occupancy under regulation 103H(2).

Completion of a building will be signalled by the receipt of the Statement of Compliance required for that building, or the final Statement of Compliance where multiple statements are required.

Section 152(2) of the Act states that 'A certificate of occupancy will be issued by council', noting that section 154 allows a building certifier to exercise this power should they elect to, where either: the building is owned occupied by the Crown or an agency or instrumentality of the Crown; or if they issued the building rules consent for that building.

The authority above – either building certifier or council – will therefore be responsible for issuing this Certificate following receipt of the Statement of Compliance and other documentation as required to provide assurance that the building is suitable for occupation.

Note the default authority for issuing this Certificate remains the council, should there be no building certifier or if the certifier elects not to issue this Certificate, noting that a council may still elect not to issue a certificate, if the council is not satisfied the building is suitable for occupation under section 152(6) of the Act.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.
