Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The proposed selling price of $490,000 reflects the property's substantial landholding of approximately 24.5 acres, desirable rural setting and proximity to Bruthen township. Comprising two lots and zoned Rural Living Zone 2, the property offers flexibility for future residential or lifestyle use (STCA). Key features supporting the price include sweeping valley views, two dams, established access tracks, town water and power available at the boundary, and direct access to Bruthen State Forest. The combination of acreage, natural surroundings and convenient access to local amenities adds to its overall appeal. With no recent directly comparable sales identified within a 5km radius, the proposed price has been determined through consideration of the property's unique attributes, location, land size and potential appeal to lifestyle buyers.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
