2.3 If this contract requires the purchaser to pay any of the deposit by a later time, that time is also essential.
2.4 The purchaser can pay any of the deposit by –
2.4.1 giving cash (up to $2,000) to the *depositholder*;

4.1.1 the contract says this transaction is a *manual transaction*, giving the reason, or
4.1.2 a *party serves* a notice stating why the transaction is a *manual transaction*, in which case the *parties* do not have to complete earlier than 14 days after *service* of the notice, and clause 21.3 does not apply to this provision,
and in both cases clause 30 applies.
4.2 If, because of clause 4.1.2, this *Conveyancing Transaction* is to be conducted as a *manual transaction* –
4.2.1 each *party* must –
- bear equally any disbursements or fees; and
- otherwise bear that *party's* own costs;

incurred because this *Conveyancing Transaction* was to be conducted as an *electronic transaction*; and

4.3 The *parties* must conduct the *electronic transaction* –
4.3.1 in accordance with the *participation rules* and the *ECNL*; and
4.3.2 using the nominated *ELN*, unless the *parties* otherwise agree. This clause 4.3.2 does not prevent a *party* using an *ELN* which can interoperate with the nominated *ELN*.
4.4 A *party* must pay the fees and charges payable by that *party* to the *ELNO* and the *Land Registry*.
4.5 *Normally,* the vendor must *within* 7 days of the contract date create and *populate* an *Electronic Workspace* with *title data* and the date for completion*,* and invite the purchaser to the *Electronic Workspace*.

4.7 The *parties* must, as applicable to their role in the *Conveyancing Transaction* and the steps taken under clauses 4.5 or 4.6 –
4.7.1 promptly join the *Electronic Workspace* after receipt of an invitation;
4.7.2 create and *populate* an *electronic transfer*;
4.7.3 invite any *discharging mortgagee* or *incoming mortgagee* to join the *Electronic Workspace*; and
4.7.4 *populate* the *Electronic Workspace* with a nominated *completion time*.
4.8 If the transferee in the *electronic transfer* is not the purchaser, the purchaser must give the vendor a direction signed by the purchaser personally for that transfer.
4.9 The vendor can require the purchaser to include a covenant or easement in the *electronic transfer* only if this contract contains the wording of the proposed covenant or easement, and a description of the land burdened and benefited.
4.10 If the purchaser must make a *GSTRW payment* or an *FRCGW remittance*, the purchaser must *populate* the *Electronic Workspace* with the payment details for the *GSTRW payment* or *FRCGW remittance* payable to the Deputy Commissioner of Taxation at least 2 *business days* before the date for completion.
4.11 Before completion, the *parties* must ensure that –
4.11.1 all *electronic documents* which a *party* must *Digitally Sign* to complete the *electronic transaction* are *populated* and *Digitally Signed*;
4.11.2 all certifications required by the *ECNL* are properly given; and
4.11.3 they do everything else in the *Electronic Workspace* which that *party* must do to enable the *electronic transaction* to proceed to completion.
4.12 If the computer systems of any of the *Land Registry*, the *ELNO,* Revenue NSW or the Reserve Bank of Australia are inoperative for any reason at the *completion time* agreed by the *parties*, a failure to complete this contract for that reason is not a default under this contract on the part of either *party*.

PREPARED BY LEAP LILYFIELD 2026

BREACH OF COPYRIGHT MAY RESULT IN LEGAL ACTION

4.13 If the computer systems of the *Land Registry* are inoperative for any reason at the *completion time* agreed by the *parties,* and the *parties* choose that financial settlement is to occur despite this, then on financial settlement occurring –

4.13.1 all *electronic documents Digitally Signed* by the vendor and any discharge of mortgage, withdrawal of caveat or other *electronic document* forming part of the *Lodgment Case* for the *electronic transaction* are taken to have been unconditionally and irrevocably delivered to the purchaser or the purchaser's mortgagee at the time of financial settlement together with the right to deal with the land; and

4.13.2 the vendor is taken to have no legal or equitable interest in the *property*.

4.14 If the *parties* do not agree about the delivery before completion of one or more documents or things that cannot be delivered through the *Electronic Workspace*, the *party* required to deliver the documents or things –

4.14.1 holds them on completion in escrow for the benefit of; and

4.14.2 must immediately after completion deliver the documents or things to, or as directed by;

the *party* entitled to them.

5 Requisitions

5.1 If a form of *requisitions* is attached to this contract, the purchaser is taken to have made those *requisitions*.

5.2 If the purchaser is or becomes entitled to make any other *requisition*, the purchaser can make it only by *serving* it –

5.2.1 if it arises out of this contract or it is a general question about the *property* or title - *within* 21 days after the contract date;

5.2.2 if it arises out of anything *served* by the vendor - *within* 21 days after the later of the contract date and that *service*; and

5.2.3 in any other case - *within* a reasonable time.

6 Error or misdescription

6.1 *Normally*, the purchaser can (but only before completion) claim compensation for an error or misdescription in this contract (as to the *property*, the title or anything else and whether substantial or not).

6.2 This clause applies even if the purchaser did not take notice of or rely on anything in this contract containing or giving rise to the error or misdescription.

6.3 However, this clause does not apply to the extent the purchaser knows the true position.

7 Claims by purchaser

Normally, the purchaser can make a claim (including a claim under clause 6) before completion only by *serving* it with a statement of the amount claimed, and if the purchaser makes one or more claims before completion –

7.1 the vendor can *rescind* if in the case of claims that are not claims for delay –

7.1.1 the total amount claimed exceeds 5% of the price;

7.1.2 the vendor *serves* notice of intention to *rescind*; and

7.1.3 the purchaser does not *serve* notice waiving the claims *within* 14 days after that *service*; and

7.2 if the vendor does not *rescind*, the *parties* must complete and if this contract is completed –

7.2.1 the lesser of the total amount claimed and 10% of the price must be paid out of the price to and held by the *depositholder* until the claims are finalised or lapse;

7.2.2 the amount held is to be invested in accordance with clause 2.9;

7.2.3 the claims must be finalised by an arbitrator appointed by the *parties* or, if an appointment is not made *within* 1 month of completion, by an arbitrator appointed by the President of the Law Society at the request of a *party* (in the latter case the *parties* are bound by the terms of the Conveyancing Arbitration Rules approved by the Law Society as at the date of the appointment);

7.2.4 the purchaser is not entitled, in respect of the claims, to more than the total amount claimed and the costs of the purchaser;

7.2.5 net interest on the amount held must be paid to the *parties* in the same proportion as the amount held is paid; and

7.2.6 if the *parties* do not appoint an arbitrator and neither *party* requests the President to appoint an arbitrator *within* 3 months after completion, the claims lapse and the amount belongs to the vendor.

8 Vendor's rights and obligations

8.1 The vendor can *rescind* if –

8.1.1 the vendor is, on reasonable grounds, unable or unwilling to comply with a *requisition*;

8.1.2 the vendor *serves* a notice of intention to *rescind* that specifies the *requisition* and those grounds; and

8.2 If the vendor does not comply with this contract (or a notice under or relating to it) in an essential respect, the purchaser can *terminate* by *serving* a notice. After the *termination* –
- 8.2.1 the purchaser can recover the deposit and any other money paid by the purchaser under this contract;
- 8.2.2 the purchaser can sue the vendor to recover damages for breach of contract; and
- 8.2.3 if the purchaser has been in possession a *party* can claim for a reasonable adjustment.

9 Purchaser's default

If the purchaser does not comply with this contract (or a notice under or relating to it) in an essential respect, the vendor can *terminate* by *serving* a notice. After the *termination* the vendor can –

9.1 keep or recover the deposit (to a maximum of 10% of the price);

9.2 hold any other money paid by the purchaser under this contract as security for anything recoverable under this clause –
- 9.2.1 for 12 months after the *termination*; or
- 9.2.2 if the vendor commences proceedings under this clause *within* 12 months, until those proceedings are concluded; and

9.3 sue the purchaser either –
- 9.3.1 where the vendor has resold the *property* under a contract made *within* 12 months after the *termination*, to recover –
  - the deficiency on resale (with credit for any of the deposit kept or recovered and after allowance for any capital gains tax or goods and services tax payable on anything recovered under this clause); and
  - the reasonable costs and expenses arising out of the purchaser's non-compliance with this contract or the notice and of resale and any attempted resale; or
- 9.3.2 to recover damages for breach of contract.

10 Restrictions on rights of purchaser

10.1 The purchaser cannot make a claim or *requisition* or *rescind* or *terminate* in respect of –
- 10.1.1 the ownership or location of any fence as defined in the Dividing Fences Act 1991;
- 10.1.2 a service for the *property* being a joint service or passing through another property, or any service for another property passing through the *property* ('service' includes air, communication, drainage, electricity, garbage, gas, oil, radio, sewerage, telephone, television or water service);
- 10.1.3 a wall being or not being a party wall in any sense of that term or the *property* being affected by an easement for support or not having the benefit of an easement for support;

- 10.1.5 a promise, representation or statement about this contract, the *property* or the title, not set out or referred to in this contract;
- 10.1.6 a condition, exception, reservation or restriction in a Crown grant;
- 10.1.7 the existence of any authority or licence to explore or prospect for gas, minerals or petroleum;
- 10.1.8 any easement or restriction on use the substance of either of which is disclosed in this contract or any non-compliance with the easement or restriction on use; or
- 10.1.9 anything the substance of which is disclosed in this contract (except a caveat, charge, mortgage, priority notice or writ).

10.2 The purchaser cannot *rescind* or *terminate* only because of a defect in title to or quality of the inclusions.

10.3 *Normally*, the purchaser cannot make a claim or *requisition* or *rescind* or *terminate* or require the vendor to change the nature of the title disclosed in this contract (for example, to remove a caution evidencing qualified title, or to lodge a plan of survey as regards limited title).

11 Compliance with work orders

11.1 *Normally*, the vendor must by completion comply with a *work order* made on or before the contract date and if this contract is completed the purchaser must comply with any other *work order*.

11.2 If the purchaser complies with a *work order*, and this contract is *rescinded* or *terminated*, the vendor must pay the expense of compliance to the purchaser.

- 12.2.1 any certificate that can be given in respect of the *property* under *legislation*; or

13 Goods and services tax (GST)

13.1 Terms used in this clause which are not defined elsewhere in this contract and have a defined meaning in the *GST Act* have the same meaning in this clause.

13.2 *Normally*, if a *party* must pay the price or any other amount to the other *party* under this contract, GST is not to be added to the price or amount.

13.3 If under this contract a *party* must make an adjustment or payment for an expense of another party or pay an expense payable by or to a third party (for example, under clauses 14 or 20.7), the *party* must adjust or pay on completion any GST added to or included in the expense, but –

13.3.1 the amount of the expense must be reduced to the extent the party receiving the adjustment or payment (or the representative member of a GST group of which that party is a member) is entitled to an input tax credit for the expense; and

13.3.2 if the adjustment or payment under this contract is consideration for a taxable supply, an amount for GST must be added at the *GST rate*.

13.4 If this contract says this sale is the supply of a going concern –

13.4.1 the *parties* agree the supply of the *property* is a supply of a going concern;

13.4.2 the vendor must, between the contract date and completion, carry on the enterprise conducted on the land in a proper and business-like way;

13.4.3 if the purchaser is not registered by the date for completion, the *parties* must complete and the purchaser must pay on completion, in addition to the price, an amount being the price multiplied by the *GST rate* ("the retention sum"). The retention sum is to be held by the *depositholder* and dealt with as follows –

- if *within* 3 months of completion the purchaser *serves* a letter from the Australian Taxation Office stating the purchaser is registered with a date of effect of registration on or before completion, the *depositholder* is to pay the retention sum to the purchaser; but
- if the purchaser does not *serve* that letter *within* 3 months of completion, the *depositholder* is to pay the retention sum to the vendor; and

13.4.4 if the vendor, despite clause 13.4.1, *serves* a letter from the Australian Taxation Office stating the vendor has to pay GST on the supply, the purchaser must pay to the vendor on demand the amount of GST assessed.

13.5 *Normally*, the vendor promises the margin scheme will not apply to the supply of the *property*.

13.6 If this contract says the margin scheme is to apply in making the taxable supply, the *parties* agree that the margin scheme is to apply to the sale of the *property*.

13.7 If this contract says the sale is not a taxable supply –

13.7.1 the purchaser promises that the *property* will not be used and represents that the purchaser does not intend the *property* (or any part of the *property*) to be used in a way that could make the sale a taxable supply to any extent; and

13.7.2 the purchaser must pay the vendor on completion in addition to the price an amount calculated by multiplying the price by the *GST rate* if this sale is a taxable supply to any extent because of –

- a breach of clause 13.7.1; or
- something else known to the purchaser but not the vendor.

13.8 If this contract says this sale is a taxable supply in full and does not say the margin scheme applies to the *property*, the vendor must pay the purchaser on completion an amount of one-eleventh of the price if –

13.8.1 this sale is not a taxable supply in full; or

13.8.2 the margin scheme applies to the *property* (or any part of the *property*).

13.9 If this contract says this sale is a taxable supply to an extent –

13.9.1 clause 13.7.1 does not apply to any part of the *property* which is identified as being a taxable supply; and

13.9.2 the payments mentioned in clauses 13.7 and 13.8 are to be recalculated by multiplying the relevant payment by the proportion of the price which represents the value of that part of the *property* to which the clause applies (the proportion to be expressed as a number between 0 and 1). Any evidence of value must be obtained at the expense of the vendor.

13.10 *Normally*, on completion the vendor must give the recipient of the supply a tax invoice for any taxable supply by the vendor by or under this contract.

13.11 The vendor does not have to give the purchaser a tax invoice if the margin scheme applies to a taxable supply.

13.12 If the vendor is liable for GST on rents or profits due to issuing an invoice or receiving consideration before completion, any adjustment of those amounts must exclude an amount equal to the vendor's GST liability.

13.13 If the vendor *serves* details of a *GSTRW payment* which the purchaser must make, the purchaser does not have to complete earlier than 5 *business days* after that *service* and clause 21.3 does not apply to this provision.

13.14 If the purchaser must make a *GSTRW payment* the purchaser must, at least 2 *business days* before the date for completion, *serve* evidence of submission of a *GSTRW payment* notification form to the Australian Taxation Office by the purchaser or, if a direction under either clause 4.8 or clause 30.4 has been given, by the transferee named in the transfer the subject of that direction.

14 Adjustments

14.1 *Normally*, the vendor is entitled to the rents and profits and will be liable for all rates, water, sewerage and drainage service and usage charges, land tax, levies and all other periodic outgoings up to and including the *adjustment date* after which the purchaser will be entitled and liable.

14.2 The *parties* must make any necessary adjustment on completion, and –

14.2.1 the purchaser must provide the vendor with *adjustment figures* at least 2 *business days* before the date for completion; and

14.2.2 the vendor must confirm the *adjustment figures* at least 1 *business day* before the date for completion.

14.3 If an amount that is adjustable under this contract has been reduced under *legislation*, the *parties* must on completion adjust the reduced amount.

14.4 The *parties* must not adjust surcharge land tax (as defined in the Land Tax Act 1956) but must adjust any other land tax for the year current at the *adjustment date* –

14.4.1 only if land tax has been paid or is payable for the year (whether by the vendor or by a predecessor in title) and this contract says that land tax is adjustable;

14.4.2 by adjusting the amount that would have been payable if at the start of the year –

- the person who owned the land owned no other land;
- the land was not subject to a special trust or owned by a non-concessional company; and
- if the land (or part of it) had no separate taxable value, by calculating its separate taxable value on a proportional area basis.

14.5 The *parties* must not adjust any first home buyer choice property tax.

14.6 If any other amount that is adjustable under this contract relates partly to the land and partly to other land, the *parties* must adjust it on a proportional area basis.

14.7 If on completion the last bill for a water, sewerage or drainage usage charge is for a period ending before the *adjustment date*, the vendor is liable for an amount calculated by dividing the bill by the number of days in the period then multiplying by the number of unbilled days up to and including the *adjustment date*.

14.8 The vendor is liable for any amount recoverable for work started on or before the contract date on the *property* or any adjoining footpath or road.

15 Date for completion

The *parties* must complete by the date for completion and, if they do not, a *party* can *serve* a notice to complete if that *party* is otherwise entitled to do so.

16 Completion

● Vendor

16.1 *Normally*, on completion the vendor must cause the legal title to the *property* (being the estate disclosed in this contract) to pass to the purchaser free of any charge, mortgage or other interest, subject to any necessary registration.

16.2 The legal title to the *property* does not pass before completion.

16.3 If the vendor gives the purchaser a document (other than the transfer) that needs to be lodged for registration, the vendor must pay the lodgment fee to the purchaser.

16.4 If a *party serves* a land tax certificate showing a charge on any of the land, by completion the vendor must do all things and pay all money required so that the charge is no longer effective against the land.

● Purchaser

16.5 On completion the purchaser must pay to the vendor –

16.5.1 the price less any –

- deposit paid;
- *FRCGW remittance* payable;
- *GSTRW payment*; and
- amount payable by the vendor to the purchaser under this contract; and

16.5.2 any other amount payable by the purchaser under this contract.

16.6 If any of the deposit is not covered by a *deposit-bond*, at least 1 *business day* before the date for completion the purchaser must give the vendor an order signed by the purchaser authorising the *depositholder* to account to the vendor for the deposit, to be held by the vendor in escrow until completion.

16.7 On completion the deposit belongs to the vendor.

17 Possession

17.1 *Normally*, the vendor must give the purchaser vacant possession of the *property* on completion.

17.2 The vendor does not have to give vacant possession if –

17.2.1 this contract says that the sale is subject to existing tenancies; and

17.2.2 the contract discloses the provisions of the tenancy (for example, by attaching a copy of the lease and any relevant memorandum or variation).

17.3 *Normally*, the purchaser can claim compensation (before or after completion) or *rescind* if any of the land is affected by a protected tenancy (a tenancy affected by Schedule 2, Part 7 of the Residential Tenancies Act 2010).

18.2 The purchaser must not before completion –

18.2.1 let or part with possession of any of the *property*;

18.2.2 make any change or structural alteration or addition to the *property;* or

18.2.3 contravene any agreement between the *parties* or any direction, document, *legislation*, notice or order affecting the *property*.

18.3 The purchaser must until completion –

18.5 If the purchaser does not comply with this clause, then without affecting any other right of the vendor –

18.5.1 the vendor can before completion, without notice, remedy the non-compliance; and

18.5.2 if the vendor pays the expense of doing this, the purchaser must pay it to the vendor with interest at the rate prescribed under s101 Civil Procedure Act 2005.

18.6 If this contract is *rescinded* or *terminated* the purchaser must immediately vacate the *property*.

18.7 If the *parties* or their *solicitors* on their behalf do not agree in writing to a fee or rent, none is payable.

19 Rescission of contract

19.1 If this contract expressly gives a *party* a right to *rescind*, the *party* can exercise the right –

19.1.1 only by *serving* a notice before completion; and

19.1.2 in spite of any making of a claim or *requisition*, any attempt to satisfy a claim or *requisition*, any arbitration, litigation, mediation or negotiation or any giving or taking of possession.

19.2 *Normally*, if a *party* exercises a right to *rescind* expressly given by this contract or any *legislation* –

19.2.1 the deposit and any other money paid by the purchaser under this contract must be refunded;

19.2.2 a *party* can claim for a reasonable adjustment if the purchaser has been in possession;

19.2.3 a *party* can claim for damages, costs or expenses arising out of a breach of this contract; and

19.2.4 a *party* will not otherwise be liable to pay the other *party* any damages, costs or expenses.

● Definitions and modifications
23.1 This clause applies only if the land (or part of it) is a lot in a strata, neighbourhood, precinct or community scheme (or on completion is to be a lot in a scheme of that kind).

23.5.1 a regular periodic contribution;
23.5.2 a contribution which is not a regular periodic contribution but is disclosed in this contract; and

BREACH OF COPYRIGHT MAY RESULT IN LEGAL ACTION

23.6 If a contribution is not a regular periodic contribution and is not disclosed in this contract –
23.6.1 the vendor is liable for it if it was determined on or before the contract date, even if it is payable by instalments; and
23.6.2 the purchaser is liable for all contributions determined after the contract date.
23.7 The vendor must pay or allow to the purchaser on completion the amount of any unpaid contributions for which the vendor is liable under clause 23.6.1.

23.9 However, the purchaser can *rescind* if –
23.9.1 the special expenses of the owners corporation at the later of the contract date and the creation of the owners corporation when calculated on a unit entitlement basis (and, if more than one lot or a higher scheme is involved, added together), less any contribution paid by the vendor, are more than 1% of the price;
23.9.2 in the case of the lot or a relevant lot or former lot in a higher scheme, a proportional unit entitlement for the lot is disclosed in this contract but the lot has a different proportional unit entitlement at the contract date or at any time before completion;

The vendor may seek to recover any loss from the guarantor before seeking recovery from the purchaser and any settlement or compromise with the purchaser will not release the guarantor from the obligation to pay any balance that may be owing to the vendor. This guarantee is binding on the guarantors, their executors, administrators and assigns and the benefit of the guarantee is available to any assignee of the benefit of this contract by the vendor.

Important information

Who is protected by a clearance certificate?
A clearance certificate states whether there is any land tax (including surcharge land tax) owing on a property. The certificate protects a purchaser from outstanding land tax liability by a previous owner, however it does not provide protection to the owner of the land.

When is a certificate clear from land tax?
A certificate may be issued as 'clear' if:

- the land is not liable or is exempt from land tax
- the land tax has been paid
- Revenue NSW is satisfied payment of the tax is not at risk, or
- the owner of the land failed to lodge a land tax return when it was due, and the liability was not detected at the time the certificate was issued.

Note: A clear certificate does not mean that land tax was not payable, or that there is no land tax adjustment to be made on settlement if the contract for sale allows for it.

When is a certificate not clear from land tax?
Under section 47 of the *Land Tax Management Act 1956,* land tax is a charge on land owned in NSW at midnight on 31 December of each year. The charge applies from the taxing date and does not depend on the issue of a land tax assessment notice. Land tax is an annual tax so a new charge may occur on the taxing date each year.

How do I clear a certificate?
A charge is removed for this property when the outstanding land tax amount is processed and paid in full. Payment can be made during settlement via an accepted Electronic Lodgement Network or at an approved settlement room.

To determine the land tax amount payable, you must use one of the following approved supporting documents:

- Current year land tax assessment notice. This can only be used if the settlement date is no later than the first instalment date listed on the notice. If payment is made after this date interest may apply.
- Clearance quote or settlement letter which shows the amount to clear.

The charge on the land will be considered removed upon payment of the amount shown on these documents

How do I get an updated certificate?
A certificate can be updated by re-processing the certificate through your Client Service Provider (CSP), or online at www.revenue.nsw.gov.au/taxes/land/clearance.

Please allow sufficient time for any payment to be processed prior to requesting a new version of the clearance certificate.

Land value, tax rates and thresholds
The taxable land value shown on the clearance certificate is the value used by Revenue NSW when assessing land tax. Details on land tax rates and thresholds are available at www.revenue.nsw.gov.au.

We have surveyed the land edged red on the sketch adjoining for identification purposes only, being that comprised in the Certificate of Title registered Folio Identifier Auto Consol 5851-37 being Lots 3 and 4 in Deposited Plan Number 1260393 having a total frontage of 18.29 metres Percival Street at Lilyfield in the Local Government Area of Inner West.

The survey reveals that the two storey cement rendered brick duplex, known as Numbers 23-25 Percival Street, on concrete foundations and with a metal roof erected thereon, stands wholly within the boundaries thereof and does not encroach upon any adjoining property or street. The same applies to the brick shed and swimming pool erected thereon.

The said duplex stands in relation to the boundaries of the land as shown on the adjoining sketch. The duplex complies with the Local Government Site Requirements as regards the distances from the walls to the boundaries and the clearance of the overhang.

The land is limited in stratum in the manner described in DP1260392.

Levels have been taken on Australian Height Datum as shown on the adjoining sketch.

Part of the gutter attached to the northern wall of the cottage erected upon the adjoining land (No.21) projects by up to 125mm over the subject land.

Apart from fencing irregularities, there are no further apparent encroachments by or upon the subject property.

Full details in relation thereto are shown on the adjoining sketch together with sufficient information for identification purposes.

This survey has been made for identification purposes only. If it is intended to erect any improvements along or near the boundaries of the subject land, those boundaries should be marked.

Certificate of Installation in accordance with AS 3660.1-2000

Terms and Conditions

DISCLAIMER OF LIABILITY TO THIRD PARTIES: - Compensation will only be payable for losses arising in contract or tort sustained by the Client named on the front of this Certificate of Installation. Any third party acting or relying on this Certificate of Installation, in whole or in part, does so entirely at their own risk. This disclaimer does not apply to persons responsible for Building Approvals.

1. Prior to the site being prepared the builder should have ensured that all termite activity found was eradicated in accordance with AS 3660.1-2000. Prior to work commencing, the builder should have arranged for a qualified licensed person to inspect the site to investigate and eradicate all economically important termite nests found. The failure to have this inspection carried out may mean that termite nests may not have been found and eradicated and may still be active under the construction. See clauses 3 and 10 below.

2. The effectiveness of this installation is dependent upon the provision of a complete (full) termite management system being installed in accordance with AS 3660.1-2000 using approved termiticides, systems and/or products. If the system(s) are disturbed, breached or bridged then concealed entry by subterranean termites is possible.

3. No liability is accepted for any failure of a termite management system and this firm warrants only too provide such remedial action as may be necessary during the first 12 months from the date of this Certificate. No such warranty is provided if there are limitations listed on this Certificate or if the system is an incomplete barrier or treated zone or if the builder has not arranged for the termite eradication in clause 1 above.

4. The barrier(s) and/or treated zone(s) installed, as detailed on this Certificate and in the diagram, provide a barrier against subterranean termites only. The barrier or treated zone is not a barrier against any other pest(s) and in particular does not provide any barrier against “drywood (KALOTERMITIDAE) or dampwood termites.

5. No responsibility is accepted, or warranty implied, for any termite damage that may occur as the result of termite activity, either past, current or in the future.

6. The termite management system(s) can be rendered ineffective due to building alterations, renovations, additions (pergolas, awnings, verandas etc), introducing infested materials, timber offcuts, wood chips and formwork left on site, materials stored against the building. External barriers and/or treated zones can be destroyed by the installation of lawns, gardens, pathways, landscaping etc adjacent to the building. When making such changes you should first contact this firm. Where such changes are made a further termite barrier installation and/or treated zone is essential.

7. When installing paths, lawn, gardens etc it is very important not to cover air vents or weep holes. If the slab edge is exposed by 75 mm to form part of the termite management system then it is equally important not to cover the slab edge unless another form of barrier and/or treated zone is installed. Again contact this firm before carrying out any such covering. Where such changes are made a further termite barrier and/or treated zone installation is essential.

8. Do not use untreated timbers for garden edges or retaining walls. Untreated timber attracts termites.

9. Good ventilation and drainage are important, as poor ventilation and drainage greatly increases the risk of termite attack.

10. This firm takes NO RESPONSIBILITY for the concealed entry by termites resulting from poor building design or poor building practices.

11. It is the building owner's responsibility to ensure that the inspections, recommended in AS 3660.2-2000, are performed. Please contact this firm.

VERY IMPORTANT

If you become aware of the presence of termites within the grounds or on or within the building you should contact this firm or another termite management firm immediately. You should also notify this firm if you become aware that the installed barrier and/or treated zone has been breached or bridged in any way.

The Australian Standard recommends that inspections be carried out by a suitably qualified person, at intervals no greater than 12 months and where timber pest "pressure" is greater, this interval should be shortened. Inspections WILL NOT stop infestation of timber pests; however, the damage which may be caused will be reduced when the infestation is found at an early stage. Termites can build around termite management systems; but can be detected during the recommended inspections.

Modern termiticides have a limited life expectancy. The liquid termiticide barrier and/or treated zones will need to be re-installed. The timing can only be determined by regular, competent inspections as recommended by AS 3660.2-2000 and carried out by a qualified experienced termite inspector competent in Unit 8 "Inspect and Report on Timber Pests" & Unit 10 "Control Timber Pests" of the National Pest Management Competency Standards or equivalent.

IMPORTANT INFORMATION: Termite management systems installed during construction of the building are designed to discourage termites from gaining concealed entry to the property. Termite management systems may be bridged by termites, however the evidence of the termite entry will normally be evident to the inspector. A treatment in accordance with AS 3660.2-2000 to eradicate such an infestation will be required.

Certificate of Installation in accordance with AS 3660.1-2000 - New Construction

Name of owner/builder: Percival Street Investments Pty Ltd **Nº: I4565**

Property Address: **23-25 Percival Street Lilyfield NSW**

State: **NSW**

The Termite Management System(s) Installed:

Note: The term treated zone used in this document refers to liquid termiticides when used to form part of a termite management system(s) referred to in AS3660.1-2000 as “Termite Barrier Systems”.

AS 3660.1Termite work: Physical Barrier Installation and Termite Resistant Collars to Slab Penetrations

A Liquid Termiticide Barrier was installed to the following area(s) NIl using the liquid termiticide(s) Nil which contain the active constituent(s) Nil. The concentration of the liquid termiticide/s spray mixture used was 2% and the total volume used was 200 Lt.

A Physical Barrier System was installed in the following area(s) Nil using Nil. The method(s) of installation was.

The above system(s) **are not** integrated with each other.

The system(s) **are not** integrated with the concrete poured by the builder to form the termite barrier.

The resulting Combined termite management system(s) is an incomplete barrier or zone, if the barrier or zone is not complete further work may be required as partial barriers and/or treated zones are not effective and may allow undetected Termite entry. You should consult with the builder. See the limitations below.

The Termite Management System were installed on the 28th day of June 2015 and a durable notice was placed in Meter box.

A qualified Timber Pest Inspector should inspect the building and its surrounds at least every twelve (12) months.

It is strongly recommended by the Australian Standard AS 3660.2 that more frequent inspections (3 to 6 monthly) should be carried out.

We recommend an inspection prior to the installation of gardens, paths, lawns and other landscaping and again on completion of this work to ensure that this work does not breach any termite management system installed or allow concealed termite entry to the property.

We recommend an inspection of the building and the surrounds every 12 Months.

Termiticide Liquid Barriers and/or treated zones degrade (break down) over time and should be replenished in the future. After one of the required regular inspections of the property, the inspector may advise you of the need to re-install the Treated Zone or Liquid Termiticide Barrier.

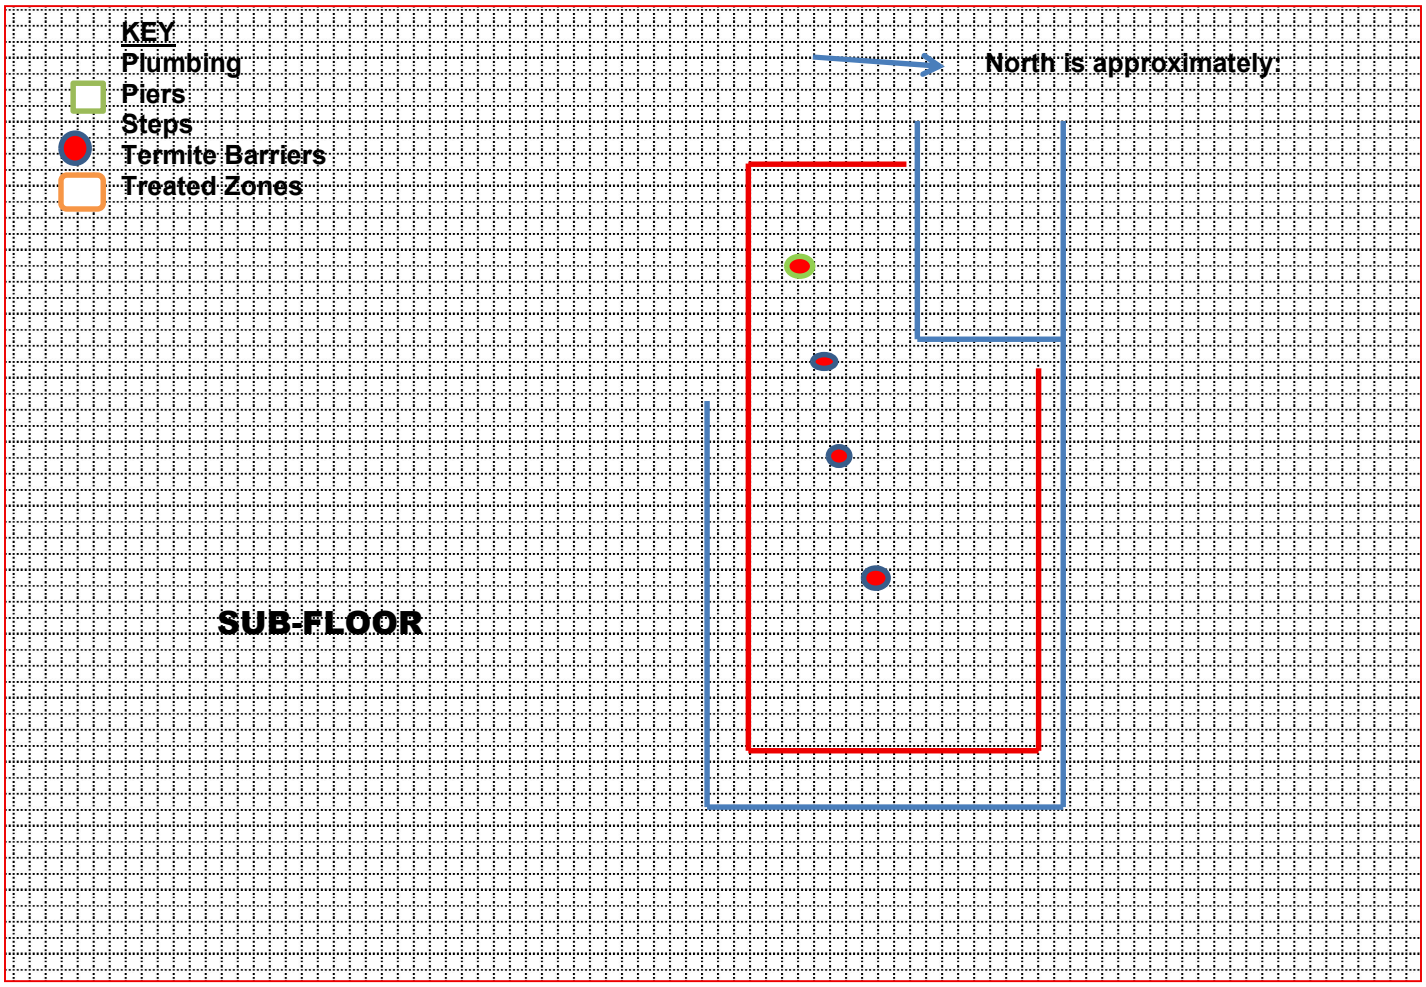

If the above barrier(s) and/or treated zone(s) is/are integrated with the concrete then the concrete forms an integral part of the termite management system to this structure. In this case, the Builder should be asked for a Certificate from the concrete firm that the concrete has been poured in accordance with AS 3600 or AS2870-1996 and amendments.

Terms and Conditions on Page 1 and important information on page 2 form an important part of this Certificate.

Limitations that apply to the above installation are: **Sub-floor area surronding garage walls and piers only**

Diagram (not to scale) showing the location of the installed Termite Management System(s).
The direction of North is indicated by the ↑ symbol.

It is very important that the Termite Barrier and/or Treated Zone is not bridged or breached. This can happen when installing garden beds, lawn or other landscaping or building works. You should contact this firm prior to carrying out any such work. DO NOT disturb the treated areas in any way.

Frequent inspections are very important. Termite Management Systems do not kill off or stop termites. The barriers and treated zones are installed to prevent concealed access only. The barriers and/or treated zones are designed to force the termites into the open. Thus the mud tubes that they use to gain access may be seen during inspections. For this reason such inspections should be carried out at least annually. A Termite treatment in accordance with AS 3660.2-2000 can then be carried out to eradicate the termites.

If you become aware of any activity **do not disturb the termites** in any way. You should notify this firm as soon as possible. Please contact us if ever you have any concerns about Termites or the effectiveness of the Termite Management System(s) installed.
