Unit median sale price

This section describes the median selling price for units sold in the same suburb as the units offered for sale, sold in a 3-to-12-month period ending no more than 6 months before this statement was prepared.

Important advice about the median sale price: When this Property Price Statement was prepared, publicly available information providing median sale prices of residential property in the suburb or locality in which the property offered for sale is situated, and our sales records (if any), did not provide a median sale price that met the requirements of section 47AF(2)(b) of the Estate Agents Act 1980. Reason there are fewer than three comparable properties for a unit type or class

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:
[Insert N/A if there were three comparable properties]

Only two vacant land sales were recorded within five kilometres of the property in the last 18 months (Cotality sales data, searched 23/10/2026).
