The 5 Ps of Safe Excavation

<https://www.byda.com.au/before-you-dig/best-practice-guides/>

Plan

Plan your job. Use the BYDA service at least one day before your job is due to begin, and ensure you have the correct plans and information required to carry out a safe project.

Prepare

Prepare by communicating with asset owners if you need assistance. Look for clues onsite. Engage a Certified Locator.

Pothole

Potholing is physically sighting the asset by hand digging or hydro vacuum extraction.

Protect

Protecting and supporting the exposed infrastructure is the responsibility of the excavator. Always erect safety barriers in areas of risk and enforce exclusion zones.

Proceed

Only proceed with your excavation work after planning, preparing, potholing (unless prohibited), and having protective measures in place.

Search response:

Your request for a property search on Lot 2 on Plan SP335399 at 27 LANDSBORO AV, BOONDALL QLD 4034 has been processed.

At this point in time the Department of Transport and Main Roads has no land requirement from the specified property.

Note:

1. Development proposed on this property may require approval under the Planning Act. This may include referral to the State Assessment and Referral Agency for assessment of the impacts to state transport corridors and infrastructure.
2. New or changed access between this property and a state transport corridor will require approval under the Transport Infrastructure Act.
3. To see what other State Government planning has been identified in your area, please refer to the online DA Mapping system. Refer to the State Transport interests under the SARA layers to identify what interests TMR has in your locality.
< <https://planning.dsdmp.qld.gov.au/maps/sara-da> >
4. Any properties located in proximity to a current or future State transport corridor may be affected by noise. For existing corridors, refer to the online SPP interactive mapping system. Select the Information Purposes and refer to the Transport Infrastructure. If the property is located in a mandatory transport noise corridor then Mandatory Part 4.4 of the Queensland Development Code will apply.

Rating and rebate information

As a ratepayer, it is your responsibility to ensure that the charges and rating category are correct and matches your property's predominant use.

Rating information and Category - general rates are calculated based on the land valuation issued by the Queensland Government and the rating category of the property. Please refer to the rating category statement or visit brisbane.qld.gov.au/rating-categories for more information.

Change your contact details - It is important you advise Council of changes to your phone number, postal and email addresses by phone on 07 3403 8888 or visit brisbane.qld.gov.au/change-rates-contact-details to notify us online.

Rebates - Council offers a range of rates rebates, including pensioner, not for profit and owner occupier. Phone 07 3403 8888 or visit brisbane.qld.gov.au/rates-rebates for more information.

Interest - Compounding interest of 12.19% per annum will accrue daily on any amount owing immediately after the due date.

Other Information

Your rating category statement can be found by visiting our website at brisbane.qld.gov.au and entering 'how rates are calculated'. The category statement will provide information about each rating category.

The Queensland Government waste levy for general waste is now \$135 per tonne. Council has received a payment of \$34,087,407 for the 2026-27 financial year from the Queensland Government to mitigate impacts from the Waste Levy on households. This payment is only around 60% of the amount required to be paid by Council to the Queensland Government as a levy for household waste to landfill. The Waste Utility Charge covers costs associated with managing waste in Brisbane, including the gap between the Queensland Government levy charged to Council and the 60% rebate received by Council.
