Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

As representatives conducting our market research within the $1.2 million to $1.28 million price bracket, we identified only one comparable sale within the six-month comparable sales guideline. Despite the limited number of directly comparable sales, we firmly believe the property supports this price expectation. This assessment is based on several contributing factors, including the home's quality, extensive upgrades, overall presentation, additional features and the value these improvements bring to the property. While comparable sales provide an important market benchmark, they do not always capture the full value of a property, particularly where significant improvements and upgrades set it apart from other homes in the area.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
