Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The property has no comparables mainly because of its 5,145m² land size, which makes it an acreage lifestyle block in a suburb where most homes sell on standard 500–900m² blocks. For regional properties, comparables generally need to be within 5km and sold in the last 18 months, and there likely haven't been enough similar 4-bed, 3-bath homes on that much land sold nearby in that time. In this case you can tick the "fewer than three comparable sales" option on the statement, but you'll still need evidence to support your indicative price.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
