Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

The property at 5 Young Street, Golden Square, is considered to have no direct comparable sales due to its unique combination of features, including its three-bedroom, one-bathroom layout, two-car parking and substantial 829m² land size. The property's specific characteristics, land size and location make it difficult to identify recently sold properties with a sufficiently similar profile to provide an accurate like-for-like comparison. Therefore, a broader assessment of surrounding sales and overall market conditions is required to determine its market value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
