Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No suitable comparable properties were identified within the prescribed period and 5km radius due to the unique combination of land size, location and waterfront characteristics of the property. Situated on approximately 5,457m² (1.35 acres), the property comprises a substantial vacant allotment with frontage to the Nicholson River Reserve and panoramic river views. The land is fully fenced, with power and water connections available, and offers desirable northern and eastern aspects. This combination of generous land size, river reserve frontage, elevated outlook and available services differs significantly from other vacant allotments sold in the surrounding area, resulting in no directly comparable sales being identified within the prescribed criteria.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
