Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No suitable comparable properties were identified within the prescribed period and 5km radius due to the unique combination of land size, residential improvements and rural features of the property. Situated on approximately 15.08 hectares (37.26 acres), the property comprises a substantial residence with an additional extension featuring two bedrooms with private ensuites, along with a separate cottage. The property also features extensive shedding, including a large machinery shed, established rural infrastructure, cattle yards, multiple paddocks, a bore and two dams. This combination of multiple accommodation options, acreage, extensive shedding and rural infrastructure differs significantly from other properties sold in the surrounding area, resulting in no directly comparable sales being identified within the prescribed criteria.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
